SCHEDULE 2 PERSONAL INFORMATION COLLECTION POLICY

The regulators and securities regulatory authorities (the “regulators”) listed in Schedule 3 of Appendix A to Regulation 41-101 respecting General Prospectus Requirements collect the personal information in the personal information form as this term is defined in Regulation 41-101 respecting General Prospectus Requirements (the “Personal Information Form”), under the authority granted to them under provincial and territorial securities legislation. Under securities legislation, the regulators do not make any of the information provided in the Personal Information Form public.

The regulators collect the personal information in the Personal Information Form for the purpose of enabling the regulators to administer and enforce provincial and territorial securities legislation, including those provisions that require or permit the regulators to refuse to issue a receipt for a prospectus if it appears to the regulators that the past conduct of management or promoters of the Issuer affords reasonable grounds for belief that the business of the Issuer will not be conducted with integrity and in the best interests of its securityholders.

You understand that by signing the certificate and consent in the Personal Information Form, you are consenting to the Issuer submitting your personal information in the Personal Information Form (the “Information”) to the regulators and to the collection and use by the regulators of the Information, as well as any other information that may be necessary to administer and enforce provincial and territorial securities legislation. This may include the collection of information from law enforcement agencies, other government or non-governmental regulatory authorities, self-regulatory organizations, exchanges, and quotation and trade reporting systems in order to conduct background checks, verify the Information and perform investigations and conduct enforcement proceedings as required to ensure compliance with provincial and territorial securities legislation. Your consent also extends to the collection, use and disclosure of the Information as described above in respect of other prospectus filings of the Issuer and the prospectus filings of any other issuer in a situation where you are or will be a:

- (a) a director, executive officer or promoter of the other issuer,
- (b) a director or executive officer of a promoter of the other issuer, if the promoter is not an individual, or
- (c) where the other issuer is an investment fund, a director or executive officer of the investment fund manager.

You understand that the Issuer is required to deliver the Information to the regulators because the Issuer has filed a prospectus under provincial and territorial securities legislation. You also understand that you have a right to be informed of the existence of personal information about you that is kept by regulators, that you have the

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

right to request access to that information, and that you have the right to request that such information be corrected, subject to the applicable provisions of the freedom of information and protection of privacy legislation adopted by each province and territory.

You also understand and agree that the Information the regulators collect about you may also be disclosed, as permitted by law, where its use and disclosure is for the purposes described above. The regulators may also use a third party to process the Information, but when this happens, the third party will be carefully selected and obligated to comply with the limited use restrictions described above and with provincial and federal privacy legislation.

Warning: It is an offence to submit information that, in a material respect and at the time and in the light of the circumstances in which it is submitted, is misleading or untrue.

Questions

If you have any questions about the collection, use, and disclosure of the information you provide to the regulators, you may contact the regulator in the jurisdiction in which the required information is filed, at the address or telephone number listed in Schedule 3.

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

FORM 41-101F1 INFORMATION REQUIRED IN A PROSPECTUS

GENERAL INSTRUCTIONS

(1) The objective of the prospectus is to provide information concerning the issuer that an investor needs in order to make an informed investment decision. This Form sets out specific disclosure requirements that are in addition to the general requirement under securities legislation to provide full, true and plain disclosure of all material facts relating to the securities to be distributed. Certain rules of specific application impose prospectus disclosure obligations in addition to those described in this Form.

(2) Terms used and not defined in this Form that are defined or interpreted in the Regulation bear that definition or interpretation. Other definitions are set out in Regulation 14-101 respecting Definitions (c. V-1.1, r. 3).

(3) In determining the degree of detail required, a standard of materiality must be applied. Materiality is a matter of judgment in the particular circumstance, and is determined in relation to an item's significance to investors, analysts and other users of the information. An item of information, or an aggregate of items, is considered material if it is probable that its omission or misstatement would influence or change an investment decision with respect to the issuer's securities. In determining whether information is material, take into account both quantitative and qualitative factors. The potential significance of items must be considered individually rather than on a net basis, if the items have an offsetting effect.

(4) Unless an item specifically requires disclosure only in the preliminary prospectus, the disclosure requirements set out in this Form apply to both the preliminary prospectus and the prospectus. Details concerning the price and other matters dependent upon or relating to price, such as the number of securities being distributed, may be left out of the preliminary prospectus, along with specifics concerning the plan of distribution, to the extent that these matters have not been decided.

(5) The disclosure must be understandable to readers and presented in an easy-to-read format. The presentation of information should comply with the plain language principles listed in section 4.1 of Policy Statement to Regulation 41-101 respecting General Prospectus Requirements (Decision 2008-PDG-0055, 2008-02-28). If technical terms are required, clear and concise explanations should be included.

(6) No reference need be made to inapplicable items and, unless otherwise required in this Form, negative answers to items may be omitted.

(7) Where the term "issuer" is used, it may be necessary, in order to meet the requirement for full, true and plain disclosure of all material facts, to also include disclosure with respect to persons that the issuer is required, under the issuer's GAAP, to consolidate, proportionately consolidate or account for using the equity method (for example, including "subsidiaries" as that term is used in Canadian GAAP applicable to

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

publicly accountable enterprises). If it is more likely than not that a person will become an entity that the issuer will be required, under the issuer's GAAP, to consolidate, proportionately consolidate or account for using the equity method, it may be necessary to also include disclosure with respect to the person.

(8) An issuer that is a special purpose entity may have to modify the disclosure items to reflect the special purpose nature of its business.

(9) If disclosure is required as of a specific date and there has been a material change or change that is otherwise significant in the required information subsequent to that date, present the information as of the date of the change or a date subsequent to the change instead.

(10) If an issuer discloses financial information in a preliminary prospectus or prospectus in a currency other than the Canadian dollar, prominently display the presentation currency.

(11) Except as otherwise required or permitted, include information in a narrative form. The issuer may include graphs, photographs, maps, artwork or other forms of illustration, if relevant to the business of the issuer or the distribution and not misleading. Include descriptive headings. Except for information that appears in a summary, information required under more than 1 item need not be repeated.

(12) Certain requirements in this Form make reference to requirements in another regulation or form. Unless this Form states otherwise, issuers must also follow the instruction or requirement in the other regulation or form. These references include references to Form 51-102F2 of Regulation 51-102 respecting Continuous Disclosure Obligations (c. V-1.1, r. 24). Venture issuers must include such disclosure in a preliminary prospectus or prospectus even if they are not otherwise required to file an annual information form under that regulation.

(13) Wherever this Form uses the word "subsidiary", the term includes companies and other types of business organizations such as partnerships, trusts and other unincorporated business entities.

(14) Where requirements in this Form make reference to, or are substantially similar to, requirements in Form 51-102F2 of Regulation 51-102 respecting Continuous Disclosure Obligations, issuers may apply the general provision in subpart 1(d) of Form 51-102F2 of Regulation 51-102 respecting Continuous Disclosure Obligations. However, issuers must supplement this disclosure if the supplemented disclosure is necessary to ensure that the prospectus provides full, true and plain disclosure of all material facts related to the securities to be distributed as required under Item 29 of this Form.

(15) Forward-looking information, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations, included in a prospectus must comply with

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

section 4A.2 of Regulation 51-102 respecting Continuous Disclosure Obligations and must include the disclosure described in section 4A.3 of Regulation 51-102 respecting Continuous Disclosure Obligations. In addition to the foregoing, FOPI or a financial outlook, each as defined in Regulation 51-102 respecting Continuous Disclosure Obligations, included in a prospectus must comply with Part 4B of Regulation 51-102 respecting Continuous Disclosure Obligations. If the forward-looking information relates to an issuer or other entity that is not a reporting issuer in any jurisdiction, section 4A.2, section 4A.3 and Part 4B of Regulation 51-102 respecting Continuous Disclosure Obligations apply as if the issuer or other entity were a reporting issuer in at least 1 jurisdiction.

INSTRUCTIONS

(1) Cash flow coverage may be disclosed but only as a supplement to earnings coverage and only if the method of calculation is fully disclosed.

(2) Earnings coverage is calculated by dividing an entity's profit or loss attributable to owners of the parent (the numerator) by its borrowing costs and dividend obligations (the denominator).

(c) (paragraph revoked);

(d) for distributions of debt securities, the appropriate denominator is borrowing costs, after giving effect to the new debt securities issue and any retirement of obligations, plus the borrowing costs that have been capitalized during the period;

(e) for distributions of preferred shares

(i) the appropriate denominator is dividends declared during the period, together with undeclared dividends on cumulative preferred shares, after giving effect to the new preferred share issue, plus the issuer's annual borrowing cost requirements, including the borrowing costs that have been capitalized during the period, less any retirement of obligations, and

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

(ii) dividends should be grossed-up to a before-tax equivalent using the issuer's effective income tax rate; and

(f) for distributions of both debt securities and preferred shares, the appropriate denominator is the same as for a preferred share issue, except that the denominator should also reflect the effect of the debt securities being offered pursuant to the prospectus.

(4) The denominator represents a pro forma calculation of the aggregate of an issuer's borrowing cost obligations on all financial liabilities and dividend obligations (including both dividends declared and undeclared dividends on cumulative preferred shares) with respect to all outstanding preferred shares, as adjusted to reflect

(a) the issuance of all financial liabilities and, in addition in the case of an issuance of preferred shares, all preferred shares issued, since the date of the annual financial statements or interim financial report;

(b) the issuance of the securities that are to be distributed under the prospectus, based on a reasonable estimate of the price at which these securities will be distributed; and

(c) the repayment or redemption of all financial liabilities since the date of the annual financial statements or interim financial report, all financial liabilities to be repaid or redeemed from the proceeds to be realized from the sale of securities under the prospectus and, in addition, in the case of an issuance of preferred shares, all preferred shares repaid or redeemed since the date of the annual financial statements or interim financial report and all preferred shares to be repaid or redeemed from the proceeds to be realized from the sale of securities under the prospectus.

(5) (paragraph revoked).

(6) For debt securities, disclosure of earnings coverage shall include language similar to the following, with the bracketed and bulleted information completed:

"[Name of the issuer]'s borrowing cost requirements, after giving effect to the issue of [the debt securities to be distributed under the prospectus], amounted to \$-- for the 12 months ended --. [Name of the issuer]'s borrowing cost requirements for the 12 months then ended amounted to \$--. [Name of the issuer]'s profit or loss attributable to owners of the parent before borrowing costs and income tax for the 12 months ended -- was \$--, which is -- times [name of the issuer]'s aggregate dividend and borrowing cost requirements for this period."

(8) Other earnings coverage calculations may be included as supplementary disclosure to the required earnings coverage calculations outlined above as long as their derivation is disclosed and they are not given greater prominence than the required earnings coverage calculations.

INSTRUCTIONS

(1) Present the information required under subsections (3) through (8) in a manner that will enable a reader to easily determine whether, and the extent to which, the events, covenants, standards and preconditions referred to in paragraph (2)(f) have occurred, are being satisfied or may be satisfied.

(2) If the information required under subsections (3) through (8) is not compiled specifically from the underlying pool of financial assets, but is compiled from a larger pool of the same assets from which the securitized assets are randomly selected so that the performance of the larger pool is representative of the performance of the pool of securitized assets, then an issuer may comply with subsections (3) through (8) by providing the financial disclosure required based on the larger pool and disclosing that it has done so.

(3) Issuers are required to summarize contractual arrangements in plain language and may not merely restate the text of the contracts referred to. The use of diagrams to illustrate the roles of, and the relationship among, the persons referred to in subsection (10), and the contractual arrangements underlying the asset-backed securities is encouraged.

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

“The issuer has granted to each holder of a special warrant a contractual right of rescission of the prospectus-exempt transaction under which the special warrant was initially acquired. The contractual right of rescission provides that if a holder of a special warrant who acquires another security of the issuer on exercise of the special warrant as provided for in the prospectus is, or becomes, entitled under the securities legislation of a jurisdiction to the remedy of rescission because of the prospectus or an amendment to the prospectus containing a misrepresentation,

(a) the holder is entitled to rescission of both the holder’s exercise of its special warrant and the private placement transaction under which the special warrant was initially acquired,

(b) the holder is entitled in connection with the rescission to a full refund of all consideration paid to the underwriter or issuer, as the case may be, on the acquisition of the special warrant, and

(c) if the holder is a permitted assignee of the interest of the original special warrant subscriber, the holder is entitled to exercise the rights of rescission and refund as if the holder was the original subscriber.”

INSTRUCTION

If the prospectus is qualifying the distribution of securities issued upon the exercise of securities other than special warrants, replace the term “special warrant” with the type of the security being distributed.

10.6. Restricted securities

(1) If the issuer has outstanding, or proposes to distribute under a prospectus restricted securities, subject securities or securities that are, directly or indirectly, convertible into or exercisable or exchangeable for restricted securities or subject securities, provide a detailed description of

(a) the voting rights attached to the restricted securities that are the subject of the distribution or that will result from the distribution, either directly or following a conversion, exchange or exercise, and the voting rights, if any, attached to the securities of any other class of securities of the issuer that are the same as or greater than, on a per security basis, those attached to the restricted securities,

(b) any significant provisions under applicable corporate and securities law that do not apply to the holders of the restricted securities that are the subject of the distribution or that will result from the distribution, either directly or following a conversion, exchange or exercise, but do apply to the holders of another class of equity securities, and the extent of any rights provided in the constating documents or otherwise for the protection of holders of the restricted securities,

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

(c) any rights under applicable corporate law, in the constating documents or otherwise, of holders of restricted securities that are the subject of the distribution or that will result from the distribution, either directly or following a conversion, exchange or exercise, to attend, in person or by proxy, meetings of holders of equity securities of the issuer and to speak at the meetings to the same extent that holders of equity securities are entitled, and

(d) how the issuer complied with, or the basis upon which it was exempt from, the requirements of Part 12 of the Regulation.

(2) If holders of restricted securities do not have all of the rights referred to in subsection (1) the detailed description referred to in that subsection must include, in boldface type, a statement of the rights the holders do not have.

(3) If the issuer is required to include the disclosure referred to in subsection (1), state the percentage of the aggregate voting rights attached to the issuer's securities that will be represented by restricted securities after effect has been given to the issuance of the securities being offered.

(g) any announcement made by, or any proposed announcement known to the issuer that is to be made by, a credit rating organization to the effect that the organization is reviewing or intends to revise or withdraw a rating previously assigned and required to be disclosed under this section.

INSTRUCTIONS

There may be factors relating to a security that are not addressed by a credit rating organization when they give a rating. For example, in the case of cash settled derivative instruments, factors in addition to the creditworthiness of the issuer, such as the continued subsistence of the underlying interest or the volatility of the price, value or level of the underlying interest may be reflected in the rating analysis. Rather than being addressed in the rating itself, these factors may be described by a credit rating organization by way of a superscript or other notation to a rating. Any such attributes must be discussed in the disclosure under this section.

A provisional rating received before the issuer's most recently completed financial year is not required to be disclosed under this section.

FORM 41-101F2 INFORMATION REQUIRED IN AN INVESTMENT FUND PROSPECTUS

GENERAL INSTRUCTIONS

(1) The objective of the prospectus is to provide information concerning the investment fund that an investor needs in order to make an informed investment decision. This Form sets out specific disclosure requirements that are in addition to the general requirement under securities legislation to provide full, true and plain disclosure of all material facts relating to the securities to be distributed. This Form does not prohibit including information beyond what the Form requires. Further, certain rules of specific application impose prospectus disclosure obligations in addition to those described in this Form.

(2) Terms used and not defined in this Form that are defined or interpreted in the Regulation must bear that definition or interpretation. Other definitions are set out in Regulation 14-101 respecting Definitions (c. V-1.1, r. 3).

(3) In determining the degree of detail required, a standard of materiality must be applied. Materiality is a matter of judgment in the particular circumstance, and is determined in relation to an item's significance to investors, analysts and other users of the information. An item of information, or an aggregate of items, is considered material if it is probable that its omission or misstatement would influence or change an investment decision with respect to the investment fund's securities. In determining whether information is material, take into account both quantitative and qualitative factors. The potential significance of items must be considered individually rather than on a net basis, if the items have an offsetting effect. This concept of materiality is consistent with the financial reporting notion of materiality contained in the Handbook.

(4) Unless an item specifically requires disclosure only in the preliminary prospectus, the disclosure requirements set out in this Form apply to both the preliminary prospectus and the prospectus. Details concerning the price and other matters dependent upon or relating to price, such as the number of securities being distributed, may be left out of the preliminary prospectus, along with specifics concerning the plan of distribution, to the extent that these matters have not been decided.

(5) The disclosure must be understandable to readers and presented in an easy-to-read format. The presentation of information should comply with the plain language principles listed in section 4.1 of Policy Statement to Regulation 41-101 respecting General Prospectus Requirements (Decision 2008-PDG-0055, 2008-02-28). If technical terms are required, clear and concise explanations should be included.

(6) No reference need be made to inapplicable items and, unless otherwise required in this Form, negative answers to items may be omitted.

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

(7) The disclosure required in this Form must be presented in the order and using the headings specified in the Form. If no sub-heading for an Item is stipulated in this Form, an investment fund may include sub-headings under the required headings.

(8) Where the term "investment fund" is used, it may be necessary, in order to meet the requirement for full, true and plain disclosure of all material facts, to also include disclosure with respect to the investment fund's subsidiaries and investees. If it is more likely than not that a person will become a subsidiary or investee, it may be necessary to also include disclosure with respect to the person. For this purpose, subsidiaries and investees include entities that are consolidated, proportionately consolidated, or accounted for using the equity method.

(9) If disclosure is required as of a specific date and there has been a material change or change that is otherwise significant in the required information subsequent to that date, present the information as of the date of the change or a date subsequent to the change instead.

(10) If the term "class" is used in any item to describe securities, the term includes a series.

(11) Where performance data is presented in the prospectus, annual compound returns must be presented for standard applicable performance periods of 1, 3, 5 and 10 year periods and the period since inception unless otherwise specified by the requirements of this Form. Performance data for periods of less than 1 year must not be presented. Hypothetical or back-tested performance data must not be presented.

(12) An investment fund that has more than one class or series that are referable to the same portfolio may treat each class or series as a separate investment fund for the purposes of this Form, or may combine disclosure of one or more of the classes or series in one prospectus. If disclosure pertaining to more than one class or series is combined in one prospectus, separate disclosure in response to each item in this Form must be provided for each class or series unless the responses would be identical for each class or series.

(13) A section, part, class or series of a class of securities of an investment fund that is referable to a separate portfolio is considered to be a separate investment fund for the purposes of this Form. An investment fund that has more than one class or series of securities referable to separate portfolios may combine disclosure of one or more of the classes or series in one prospectus if each class or series is managed by the same manager. If disclosure pertaining to more than one class or series is combined in one prospectus, separate disclosure in response to each item in this Form must be provided for each class or series unless the responses would be identical for each class or series.

trading prices, the liquidity of the securities, and the extent of issuer regulation. See 'Risk Factors'.

(4) Subsection (3) does not apply to an investment fund in continuous distribution.

1.12. Commodity Pool

(1) For a commodity pool, state in substantially the following words:

"You should carefully consider whether your financial condition permits you to participate in this investment. The securities of this commodity pool are highly speculative and involve a high degree of risk. You may lose a substantial portion or even all of the money you place in the commodity pool.

The risk of loss in trading [nature of instruments to be traded by the commodity pool] can be substantial. In considering whether to participate in the [commodity pool], you should be aware that trading [nature of instruments] can quickly lead to large losses as well as gains. Such trading losses can sharply reduce the net asset value of the [commodity pool] and consequently the value of your interest in the [commodity pool]. Also, market conditions may make it difficult or impossible for the [commodity pool] to liquidate a position.

The [commodity pool] is subject to certain conflicts of interest. The [commodity pool] will be subject to the charges payable by it as described in this prospectus that must be offset by revenues and trading gains before an investor is entitled to a return on his or her investment. It may be necessary for the [commodity pool] to make substantial

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

trading profits to avoid depletion or exhaustion of its assets before an investor is entitled to a return on his or her investment.”

(2) For the initial prospectus, state in substantially the following words:

“The [commodity pool] is newly organized. The success of the [commodity pool] will depend upon a number of conditions that are beyond the control of the [commodity pool]. There is substantial risk that the goals of the [commodity pool] will not be met.”

(3) If the promoter, manager, or a portfolio adviser of the commodity pool has not had a similar involvement with any other publicly offered commodity pool, state in substantially the following words:

“The [promoter], [manager] [and/or] [portfolio adviser] of the [commodity pool] has not previously operated any other publicly offered commodity pools [or traded other accounts].”

(4) If the commodity pool will execute trades outside Canada, state in substantially the following words:

“Participation in transactions in [nature of instrument to be traded by the commodity pool] involves the execution and clearing of trades on or subject to the rules of a foreign market.

None of the Canadian securities regulatory authorities or Canadian exchanges regulates activities of any foreign markets, including the execution, delivery and clearing of transactions, or has the power to compel enforcement of the rule of a foreign market or any applicable foreign law. Generally, any foreign transaction will be governed by applicable foreign laws. This is true even if the foreign market is formally linked to a Canadian market so that a position taken on a market may be liquidated by a transaction on another market. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs.

For these reasons, entities such as the commodity pool that trade [nature of instrument to be traded by the commodity pool] may not be afforded certain of the protective measures provided by Canadian legislation and the rules of Canadian exchanges. In particular, funds received from customers for transactions may not be provided the same protection as funds received in respect of transactions on Canadian exchanges.”

(5) State that the commodity pool is a mutual fund but that certain provisions of securities legislation designed to protect investors who purchase securities of mutual funds do not apply.

(6) Immediately after the statements required by subsections (1) – (5), state in substantially the following words:

REGULATION IN FORCE FROM MAY 14, 2013 TO MAY 30, 2013

“These brief statements do not disclose all the risks and other significant aspects of investing in the [commodity pool]. You should therefore carefully study this prospectus, including a description of the principal risk factors at page [page number], before you decide to invest in the [commodity pool].”

1.13. Restricted Securities

Describe the number and class or classes of restricted securities being distributed using the appropriate restricted security terms in the same type face and type size as the rest of the description.

1.14. Enforcement of Judgements Against Foreign Persons

If the investment fund, investment fund manager or any other person that is signing or providing a certificate under Part 5 of the Regulation or other securities legislation, or any person for whom the issuer is required to file a consent under Part 10 of the Regulation, is incorporated, continued, or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, state the following on the cover page or under a separate heading elsewhere in the prospectus, with the bracketed information completed:

“The [investment fund, investment fund manager or any other person] is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada.

[the person named below] has appointed the following agent(s) for service of process:

Name of Person	Name and Address of Agent

Purchasers are advised that it may not be possible for investors to enforce judgments obtained in Canada against any person that is incorporated, continued or otherwise organized under the laws of a foreign jurisdiction or resides outside of Canada, even if the party has appointed an agent for service of process.

1.15. Documents Incorporated by Reference

INSTRUCTIONS

There may be factors relating to a security that are not addressed by a credit rating organization when they give a rating. For example, in the case of cash settled derivative instruments, factors in addition to the creditworthiness of the issuer, such as the continued subsistence of the underlying interest or the volatility of the price, value or level of the underlying interest may be reflected in the rating analysis.
