

AMENDMENTS TO POLICY STATEMENT TO REGULATION 41-101 RESPECTING GENERAL PROSPECTUS REQUIREMENTS

1. *Policy Statement to Regulation 41-101 respecting General Prospectus Requirements* is amended by replacing section 2.10 with the following:

“2.10. Lapse Date

An amendment to a prospectus, even if it amends and restates the prospectus, does not change the lapse date under section 17.2 of the Regulation or other securities legislation. An amendment to an ETF facts document also does not change the lapse date for a prospectus of an ETF.”

2. Section 3.10 of the Policy Statement is amended by replacing, in paragraph (3), the second paragraph with the following:

“Similarly, if an issuer wishes to add a new class of securities to a prospectus before the distribution under that prospectus is completed the issuer must file a preliminary prospectus for that class of securities and an amended and restated prospectus and obtain receipts for both the preliminary prospectus and the amended prospectus. Alternatively the issuer may file a separate preliminary prospectus and prospectus for the new class of securities. We interpret this requirement to also apply to mutual funds. If a mutual fund adds a new class or series of securities to a prospectus that is referable to a new separate portfolio of assets, a preliminary prospectus and preliminary ETF facts document must be filed. However, if the new class or series of securities is referable to an existing portfolio of assets, the new class or series may be added by way of amendment to the prospectus. In this case, a preliminary ETF facts document for the new class or series must still be filed.”

3. The Policy Statement is amended by inserting, after Part 5, the following:

“PART 5A ETF FACTS DOCUMENTS FOR ETFS

“5A.1. General Purpose

(1) The Regulation requires that the ETF facts document be in plain language, be no longer than four pages in length, and highlight key information important to investors, including performance, risk and cost. The ETF facts document is incorporated by reference into the prospectus. A sample ETF facts document is set out in Appendix B to this Policy Statement. The sample is provided for illustrative purposes only.

(2) The Regulation and Form 41-101F4 set out detailed requirements on the content and format of an ETF facts document, while allowing some flexibility to accommodate different kinds of ETFs. The Regulation requires an ETF facts document to include only information that is specifically mandated or permitted by the required Form 41-101F4 and to use the headings and sub-headings stipulated in the Regulation and Form 41-101F4. The requirements are designed to ensure that the information in an ETF facts document of an ETF is clear, concise, understandable and easily comparable with information in the ETF facts documents of other ETFs.

(3) The CSA encourages the use and distribution of the ETF facts document as a key part of the sales process in helping to inform investors about ETFs they are considering for investment.

“5A.2. Plain Language and Presentation

(1) Section 3B.2 of the Regulation requires that an ETF facts document be written in plain language. Issuers should apply the plain language principles set out in section 4.1 when they prepare an ETF facts document.

(2) Section 3B.2 of the Regulation requires that an ETF facts document be presented in a format that assists in readability and comprehension. The Regulation and Form 41-101F4 also set out certain aspects of an ETF facts document that must be presented in a required format, requiring some information to be presented in the form of tables, charts or diagrams. Within these requirements, ETFs have flexibility in the format used for ETF facts documents.

The formatting of documents can contribute substantially to the ease with which the document can be read and understood.

(3) To help write the ETF facts document in plain language, the Flesch-Kincaid methodology can be used to assess the readability of an ETF facts document. The Flesch-Kincaid grade level scale is a methodology that rates the readability of a text to a corresponding grade level and can be determined by the use of Flesch-Kincaid tests built into commonly used word processing programs. The CSA will generally consider a grade level of 6.0 or less on the Flesch-Kincaid grade level scale to indicate that an ETF facts document is written in plain language. For French-language documents, ETF companies may wish to consider using other appropriate readability tools.

“5A.3. Filing

(1) Subparagraph 9.1(1)(a)(iv.2) of the Regulation requires that an ETF facts document for each class and series of the securities of an ETF be filed concurrently with the prospectus.

(2) The most recently filed ETF facts document for an ETF is incorporated by reference into the prospectus under section 15.2 of the Regulation, with the result that any ETF facts document filed under the Regulation after the date of receipt for the prospectus supersedes the ETF facts document previously filed.

(3) Any amendment to an ETF facts document must be in the form of an amended and restated ETF facts document. Accordingly, the commercial copy of an amended and restated ETF facts document can only be created by reprinting the entire document.

(4) An amendment to the ETF facts document should be filed when there is a material change to the ETF that requires a change to the disclosure in the ETF facts document. This is consistent with the requirement in paragraph 11.2(1)(d) of *Regulation 81-106 respecting Investment Fund Continuous Disclosure*. We would not generally consider changes to the top 10 investments, investment mix or year-by-year returns of the ETF to be material changes. We would generally consider changes to the ETF’s investment objective or risk level to be material changes under securities legislation.

(5) Subsection 6.2(e) of the Regulation requires an amendment to a prospectus to be filed whenever an amendment to an ETF facts document is filed. If the substance of the amendment to the ETF facts document would not require a change to the text of the prospectus, the amendment to the prospectus would consist only of the certificate page referring to the ETF to which the amendment to the ETF facts document pertains.

(6) General Instruction (9) of Form 41-101F4 permits an ETF to disclose a material change and proposed fundamental change, such as a proposed merger, in an amended and restated ETF facts document. We would permit flexibility in selecting the appropriate section of the amended and restated ETF facts document to describe the material change or proposed fundamental change. However, we also expect that the variable sections of the ETF facts document, such as the Top 10 investments and investment mix, to be updated within 60 days before the date of the ETF facts document. In addition, if an ETF completes a calendar year or files a management report of fund performance prior to the filing of the amended and restated ETF facts document, we expect the ETF facts document to reflect the updated information.

“5A.4. Website

(1) Section 3B.4 of the Regulation requires an ETF to post its ETF facts document to the website of the ETF, the ETF’s family or the manager of the ETF, as applicable. An ETF facts document should remain on the website at least until the next ETF facts document for the ETF is posted. Only a final ETF facts document filed under this Regulation should be posted to a website. A preliminary or pro forma ETF facts document, for example, should not be posted. An ETF facts document must be displayed in an easily visible and accessible location on the website. It should also be presented in a format that is convenient for both reading online and printing on paper.

(2) Many ETFs have fund profiles that are available on a website of the ETF, the ETF's family or the manager of the ETF. These profiles provide summary information about the ETF that supplements the information contained in the ETF Facts and that is typically updated on a more frequent basis. In cases where the ETF Facts makes a cross-reference to a website to highlight the availability of more up-to-date trading and pricing information for an ETF, the information should be presented in a manner that is consistent with what is disclosed under the Quick Facts, Trading Information and Pricing Information sections of the ETF Facts, including the manner of calculating the information that is presented.

“5A.5. Delivery

(1) The Regulation contemplates delivery to all investors of an ETF facts document in accordance with the requirements in securities legislation. It does not require the delivery of the prospectus, or any other documents incorporated by reference into the prospectus, unless requested. ETFs or dealers may also provide purchasers with any of the other disclosure documents incorporated by reference into the prospectus.

(2) For delivery of the ETF facts document, subsection 3C.3(1) of the Regulation permits an ETF facts document to be combined with certain other materials or documents. With the exception of a general front cover, a table of contents or a trade confirmation, subsection 3C.3(4) requires the ETF facts document to be located as the first item in the package of documents or materials.

(3) Nothing in the Regulation prevents an ETF facts document from being prepared in other languages, provided that these documents are delivered or sent in addition to any disclosure document filed and required to be delivered in accordance with the Regulation. We would consider such documents to be sales communications.

(4) The Regulation and related forms contain no restrictions on the delivery of non-educational material such as promotional brochures with the prospectus. This type of material may, therefore, be delivered with, but cannot be included within, or attached to, the prospectus. The Regulation does not permit the binding of educational and non-educational material with the ETF facts document. The intention of the Regulation is not to unreasonably encumber the ETF facts document with additional documents.

4. The Policy Statement is amended by inserting, after Appendix A and as Appendix B, the following:

“APPENDIX B SAMPLE ETF FACTS DOCUMENT

[insert Sample ETF Facts Document]”.
