Dear Sirs/Mesdames:

Re: Request for Comment on Proposed National Instrument 24-102 Clearing Agency Requirements

CIPF welcomes the opportunity to comment on the CSA Proposed National Instrument 24-102 Clearing Agency Requirements.

Our comments pertain to Standard 14: Segregation and Portability. We agree with the CSA position that the IIROC-CIPF regime meets the criteria for the alternate approach for CCPs serving certain domestic cash markets. We will continue to monitor the rule developments for the exchange-traded derivatives markets and the OTC derivatives markets as they affect our coverage offered to customers of our Members.

Yours very truly,
