**Re: CSA Proposed Amendments Relating to the Offering Memorandum Exemption**

---

Dear Madams:

I am writing to comment on the proposed amendments to NI 45-106, in particular the proposed annual investment limits for non-accredited investors.

Dear Sir/Madam,

I am against your proposal to limit the amount of money eligible investors can invest in the exempt market on an annual basis. I have been investing for many, many years and resent being told what I can and cannot do with my money. I have earned my money with hard work and feel it is my choice as to what to do with it.

I invest in this market because I believe Exempt Market products is a way I can make my money work for me. Do the ultra wealthy have a cap on what they can invest? Why is it I can have my stockbroker sell me unlimited stocks?

I left home a long time ago and you have no right to act like my parents and tell me where I can invest. I live in a free country and this means I should be able to do whatever I want with my money!!

Thank you.

Regards,  
Kathryn Sukut

This submission is being made on my own behalf.
