Re: CSA Proposed Amendments Relating to the Offering Memorandum Exemption

Dear Madams:

I am writing to comment on the proposed amendments to NI 45-106, in particular the proposed annual investment limits for non-accredited investors.

The freedom to invest in the exempt market should not be limited to the very wealthy. I have the right to choose where, how and the amount of my investments and do not believe the government regulatory bodies have any business in my investment portfolio. I live in Canada which is still a democratic society (or so I thought) and not a dictatorship. Your amendments contravene my basic human rights under the guise of 'protection' and limit the amount I choose to invest on an annual basis. This is unconstitutional. Thanks, but NO Thanks. Please reconsider and throw out this ridiculous amendment.

This submission is being made on my own behalf.

If you would like further elaboration on my comments, please feel free to contact me at,

Regards,

Linda J. Lewington
