**Re: CSA Proposed Amendments Relating to the Offering Memorandum [Exemption](#)**

Dear Madams:

I am writing to comment on the proposed amendments to NI 45-106, in particular the proposed annual investment limits for non-accredited investors.

I'm opposed to limiting the amount of money an individual can invest and the \$30,000 proposed cap, I am all for the protection of the investors but placing limitations on what investors do with their own money goes against our charter of rights.

I do not wish to have the Government decide where and how I should invest my money, it is a highly personal decision based not only on my income and net worth, but my sophistication, risk tolerance, goals and preferences.

I believe the government regulatory regime is overstepping their bounds and interfering with my personal choices and freedoms as an investor.

I'm fully aware of the risks (and opportunities) of investing in the exempt market and believe existing rules are adequate.

I have worked and saved my whole life, and have accumulated a reasonable nest egg and don't want to have an arbitrary annual contribution limit placed on how much I can invest in anything.

I respectfully request you reconsider your amendments to the Offering Memorandum Exemption, and please consider the interests of all parties involved before you make your final recommendations.

This submission is being made on my own behalf.

If you would like further elaboration on my comments, please feel free to contact me at

Regards,

Tasha Brouma
