re: proposed merger of TMX by Maple Group  
oral presentation of small investor

to: Autorite des Marches Financiers  
800 Victoria Square, floor 22  
Montreal, Quebec H4Z 1G3  
tour de la Bourse, C.P. 246  
attention Director General

Concerning the public hearings, I would appreciate the opportunity  
to raise the following issues

- the disclosure of volume to the investing public in a timely  
fashion
- the governance structure of the new organization including  
the possibility of members of the general public being part  
of the governance structure

I would like to point out that the general public's confidence  
in the stock markets and stock exchanges is at a very low  
point. My presentation will address these concerns.

Thank you for your consideration.

Yours truly,

*William Wisenthal*
