RE: Request for access – Whistleblower programs: research and analysis
Our file: GDC05-06-01-2706

This is further to your request for assistance for which we acknowledged receipt on June 26, 2018 with respect to the above-captioned matter.

As requested, please find attached the AMF's whistleblower study (Proposed Framework for a Whistleblower Program) which was conducted previously to the implementation of the Program in June 2016. We hope that it will be useful to you in the continuation of your work.

Regards,
