

## **Notice of change to the frequency with which declarations are to be filed with the AMF – Guide respecting the Use of Guarantee Instruments**

The Guide respecting the Use of Guarantee Instruments requires Québec insurers to file with the AMF, on a quarterly basis, a declaration as well as an electronic file (text format) containing specific information respecting the insurer's use of guarantee instruments in connection with unregistered reinsurance contracts in order to benefit from credit offsets in respect of capital requirements.

In line with its strategic initiatives to optimize compliance burden, which derive from its *2021-2025 Strategic Plan*, the AMF hereby notifies insurers that, effective January 1, 2025, they may, at their choice, continue to file their declarations on a quarterly basis or file them just once a year, to December 31.

The AMF may change the filing frequency again if it determines that doing so is warranted by market conditions.
