Draft Regulation to amend Regulation 45-102 respecting Resale of Securities

June 15, 2011

On April 1, 2011, the CSA published for comment draft regulations and amendments relating to securitized products (the **Draft Securitized Products Regulations**). The Draft Securitized Products Regulations set out a new framework for the regulation of securitized products in Canada. The comment period is scheduled to close on July 1, 2011. We have received feedback from several stakeholders that due to the breadth and complexity of the proposals, it would be beneficial for stakeholders to have additional time to review the Draft Securitized Products Regulations and prepare comments. We therefore are extending the comment period from July 1, 2011 to **August 31, 2011**.
