(9) If marketing materials are provided before the issuance of a receipt for a preliminary short form prospectus under subsection (1) but the issuer does not comply with subsection (6), the marketing materials are deemed for purposes of securities legislation to be incorporated into the issuer’s final short form prospectus as of the date of the final short form prospectus to the extent not otherwise expressly modified or superseded by a statement contained in the final short form prospectus.

M.O. 2013-14, s. 4; M.O. 2024-05, s. 3.

7.7. Road Shows after Announcement of Bought Deal but before a Receipt for a Preliminary Short Form Prospectus

(b) the issuer is relying on the exemption in section 7.2 and has complied with paragraph 7.2(a); and

(c) the preliminary short form prospectus will be filed in the local jurisdiction.

(a) ask any investor attending the road show in person, by telephone conference call, on the internet or by other electronic means to provide their name and contact information;

(b) keep a record of any information provided by the investor; and

(c) make an oral statement at the commencement of the road show that the preliminary short form prospectus and any amendment will be accessible through SEDAR+, or, upon issuance of a receipt for the preliminary short form prospectus, provide the investor with a copy of the preliminary short form prospectus and any amendment.

(4) If an investment dealer permits an investor, other than an accredited investor, to attend a road show, the investment dealer must commence the road show with the oral reading of the following statement or a statement to the same effect:

“This presentation does not provide full disclosure of all material facts relating to the securities offered. Investors should read the preliminary prospectus, the final prospectus and any amendment for disclosure of those facts, especially risk factors relating to the securities offered, before making an investment decision.”.

(b) the issuer and the underwriters who sign the final short form prospectus filed in the local jurisdiction provide a contractual right containing the language set out in subsection 36A.1(5) of Form 41-101F1, or words to the same effect, except that the language may specify that the contractual right does not apply to any comparables provided in accordance with subsection (3); and

(c) if the prospectus is filed in the local jurisdiction, the template version of the marketing materials relating to the road show is delivered to the securities regulatory authority.

(3) If the template version of the marketing materials relating to the road show contains comparables, the template version of the marketing materials must contain the disclosure referred to in paragraph 13.7(4)(d) of Regulation 41-101 respecting General Prospectus Requirements (chapter V-1.1, r. 14).

(2) The issuance of a receipt for a final short form prospectus or an amendment to a final short form prospectus is not evidence that the exemption has been granted unless

(a) the person that sought the exemption sent to the regulator or, in Québec, to the securities regulatory authority

(i) the letter or memorandum referred to in subsection 8.1(3), on or before the date of the filing of the preliminary short form prospectus, or

FORM 44-101F1
SHORT FORM PROSPECTUS

INSTRUCTIONS

(1) *The objective of the short form prospectus is to provide information concerning the issuer that an investor needs in order to make an informed investment decision. This Form sets out specific disclosure requirements that are in addition to the general requirement under securities legislation to provide full, true and plain disclosure of all material facts relating to the securities to be distributed. Certain rules of specific application impose prospectus disclosure obligations in addition to those described in this Form.*

(2) *Terms used and not defined in this Form that are defined or interpreted in the Regulation or Regulation 41-101 respecting General Prospectus Requirements (chapter V-1.1, r. 14) bear that definition or interpretation. Other definitions are set out in Regulation 14-101 respecting Definitions (chapter V-1.1, r. 3).*

(3) *In determining the degree of detail required, a standard of materiality must be applied. Materiality is a matter of judgement in the particular circumstance, and is determined in relation to an item's significance to investors, analysts and other users of information. An item of information, or an aggregate of items, is considered material if it is probable that its omission or misstatement would influence or change an investment decision with respect to the issuer's securities. In determining whether information is material, take into account both quantitative and qualitative factors. The potential significance of items must be considered individually rather than on a net basis, if the items have an offsetting effect.*

(4) *Unless an item specifically requires disclosure only in the preliminary short form prospectus, the disclosure requirements set out in this Form apply to both the preliminary short form prospectus and the short form prospectus. Details concerning the price and other matters dependent upon or relating to price, such as the number of securities being distributed, may be left out of the preliminary short form prospectus, along with specifics concerning the plan of distribution, to the extent that these matters have not been decided.*

(5) *Any information required in a short form prospectus may be incorporated by reference in the short form prospectus, other than confidential material change reports. Clearly identify in a short form prospectus any document incorporated by reference. If an excerpt of a document is incorporated by reference, clearly identify the excerpt in the short form prospectus by caption and paragraph of the document. Any material incorporated by reference in a short form prospectus is required under sections 4.1 and 4.2 of the Regulation to be filed with the short form prospectus unless it has been previously filed.*

(6) *The disclosure must be understandable to readers and presented in an easy-to-read format. The presentation of information should comply with the plain language principles listed in section 4.2 of Policy Statement to Regulation 44-101 respecting Short*

Form Prospectus Distributions adopted by the Autorité des marchés financiers (Decision 2005-PDG-0388, 2005-12-13). If technical terms are required, clear and concise explanations should be included.

(7) No reference need be made to inapplicable items and, unless otherwise required in this Form, negative answers to items may be omitted.

(8) Where the term “issuer” is used, it may be necessary, in order to meet the requirement for full, true and plain disclosure of all material facts, to also include disclosure with respect to persons that the issuer is required, under the issuer’s GAAP, to consolidate, proportionately consolidate or account for using the equity method (for example, including “subsidiaries” as that term is used in Canadian GAAP applicable to publicly accountable enterprises). If it is more likely than not that a person will become an entity that the issuer will be required, under the issuer’s GAAP, to consolidate, proportionately consolidate or account for using the equity method, it may be necessary to also include disclosure with respect to the person.

(9) An issuer that is a special purpose entity may have to modify the disclosure items to reflect the special purpose nature of its business.

(10) If disclosure is required as of a specific date and there has been a material change or change that is otherwise significant in the required information subsequent to that date, present the information as of the date of the change or a date subsequent to the change instead.

(11) If the term “class” is used in any item to describe securities, the term includes a series of a class.

(12) Disclosure in a preliminary short form prospectus or short form prospectus must be consistent with Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (chapter V-1.1, r. 23) if the issuer is engaged in oil and gas activities (as defined in Regulation 51-101).

(13) Forward-looking information included in a short form prospectus must comply with section 4A.2 of Regulation 51-102 respecting Continuous Disclosure Obligations (chapter V-1.1, r. 24) and must include the disclosure described in section 4A.3 of Regulation 51-102 respecting Continuous Disclosure Obligations. In addition to the foregoing, FOFI or a financial outlook, each as defined in Regulation 51-102 respecting Continuous Disclosure Obligations, included in a short form prospectus must comply with Part 4B of Regulation 51-102 respecting Continuous Disclosure Obligations. If the forward-looking information relates to an issuer or other entity that is not a reporting issuer, section 4A.2, section 4A.3 and Part 4B of Regulation 51-102 respecting Continuous Disclosure Obligations apply as if the issuer or other entity were a reporting issuer.

(14) If an issuer discloses financial information in a short form prospectus in a currency other than the Canadian dollar, prominently display the presentation currency.

(15) *Except as otherwise required or permitted, include information in a narrative form. The issuer may include graphs, photographs, maps, artwork or other forms of illustration, if relevant to the business of the issuer or the distribution and not misleading. Include descriptive headings. Except for information that appears in a summary, information required under more than one item need not be repeated.*

(16) *Certain requirements in this Form make reference to requirements in another instrument or form. Unless this Form states otherwise, issuers must also follow the instructions or requirements in the other instrument or form.*

(17) *Wherever this Form uses the word “subsidiary”, the term includes companies and other types of business organizations such as partnerships, trusts, and other unincorporated business entities.*

(18) *Issuers must supplement any disclosure incorporated by reference into a short form prospectus if that supplemented disclosure is necessary to ensure that the short form prospectus provides full, true and plain disclosure of all material facts related to the securities to be distributed as required under Item 18 of this Form.*

Item 5 Plan of Distribution

5.1 Disclosure of Conditions to Underwriters' Obligations

If securities are distributed by an underwriter that has agreed to purchase all of the securities at a specified price and the underwriter's obligations are subject to conditions,

- (a) include a statement in substantially the following form, with the bracketed information completed and with modifications necessary to reflect the terms of the distribution:

"Under an agreement dated [insert date of agreement] between [insert name of issuer or selling securityholder] and [insert name(s) of underwriter(s)], as underwriter[s], [insert name of issuer or selling securityholder] has agreed to sell and the underwriter[s] [has/have] agreed to purchase on [insert closing date] the securities at a price of [insert offering price], payable in cash to [insert name of issuer or selling securityholder] against delivery. Disclose the method by which the distribution price has been or will be determined and, if estimates have been provided, explain the process for determining the estimates.

5.4 Stabilization

If the issuer, a selling securityholder or an underwriter knows or has reason to believe that there is an intention to over-allot or that the price of any security may be stabilized to facilitate the distribution of the securities, describe the nature of these transactions, including the anticipated size of any over-allocation position, and explain how the transactions are expected to affect the price of the securities.

5.4.1. Underwriting Discounts - Interests of Management and Others in Material Transactions

Disclose any material underwriting discounts or commissions on the sale of securities by the issuer if any of the persons listed under item 13.1 of Form 51-102F2 of Regulation 51-102 respecting Continuous Disclosure Obligations were or are to be an underwriter or are associates, affiliates or partners of a person that was or is to be an underwriter.

5.5. Minimum Distribution

If securities are being distributed on a best efforts basis and minimum funds are to be raised, state

- (a) the minimum funds to be raised,

(a) the issuer must appoint a registered dealer authorized to make the distribution, a Canadian financial institution, or a lawyer who is a practicing member in good standing with a law society of a jurisdiction in which the securities are being distributed, or a notary in Québec, to hold in trust all funds received from subscriptions until all material licenses, registrations and approvals necessary for the stated principal use of proceeds have been obtained, and

(b) if all material licenses, registrations and approvals necessary for the operation of the material undertaking have not been obtained within 90 days from the date of receipt of the final short form prospectus, the trustee must return the funds to subscribers.

5.6. Reduced Price Distributions

If the underwriter may decrease the offering price after the underwriter has made a reasonable effort to sell all of the securities at the initial offering price disclosed in the short form prospectus in accordance with the procedures permitted by the Regulation, disclose this fact and that the compensation realised by the underwriter will be decreased by the amount that the aggregate price paid by purchasers for the securities is less than the gross proceeds paid by the underwriter to the issuer or selling securityholder.

Disclose the number and dollar value of any special warrants acquired by any underwriter or agent and the percentage of the distribution represented by those special warrants.

Item 6 Earnings Coverage Ratios

6.1 Earnings Coverage Ratios

(1) If the securities being distributed are debt securities having a term to maturity in excess of one year or are preferred shares, disclose the following earnings coverage ratios adjusted in accordance with subsection (2):

(a) the earnings coverage ratio based on the most recent 12-month period included in the issuer's current annual financial statements included in the short form prospectus,

(b) if there has been a change in year end and the issuer's most recent financial year is less than 9 months in length, the earnings coverage calculation for its old financial year, and

(2) Adjust the ratios referred to in subsection (1) to reflect

(a) the issuance of the securities being distributed under the short form prospectus, based on the price at which these securities are expected to be distributed;

(b) in the case of a distribution of preferred shares,

(i) the issuance of all preferred shares since the date of the annual financial statements or interim financial report, and

(ii) the repurchase, redemption or other retirement of all preferred shares repurchased, redeemed, or otherwise retired since the date of the annual financial statements or interim financial report and of all preferred shares to be repurchased, redeemed, or otherwise retired from the proceeds to be realized from the sale of securities under the short form prospectus;

(c) the issuance of all financial liabilities, as defined in accordance with the issuer's GAAP, since the date of the annual financial statements or interim financial report; and

(3) *(paragraph revoked).*

(4) If the earnings coverage ratio is less than one-to-one, disclose in the short form prospectus the dollar amount of the numerator required to achieve a ratio of one-to-one.

(5) If the short form prospectus includes a pro forma income statement, calculate the pro forma earnings coverage ratios for the periods of the pro forma income statement, and disclose them in the short form prospectus.

INSTRUCTIONS

(1) *Cash flow coverage may be disclosed but only as a supplement to earnings coverage and only if the method of calculation is fully disclosed.*

(2) *Earnings coverage is calculated by dividing an entity's profit or loss attributable to owners of the parent (the numerator) by its borrowing costs and dividend obligations (the denominator).*

(3) *For the earnings coverage calculation*

(a) *the numerator should be calculated using consolidated profit or loss attributable to owners of the parent before borrowing costs and income taxes;*

(b) *imputed interest income from the proceeds of a distribution should not be added to the numerator;*

(c) *(paragraph revoked)*

(d) *for distributions of debt securities, the appropriate denominator is borrowing costs, after giving effect to the new debt securities issue and any retirement of obligations, plus the borrowing costs that have been capitalized during the period;*

(e) *for distributions of preferred shares*

(i) *the appropriate denominator is dividends declared during the period, together with undeclared dividends on cumulative preferred shares, after giving effect to the new preferred share issue, plus the issuer's annual borrowing cost requirements,*

including the borrowing costs that have been capitalized during the period, less any retirement of obligations, and

(ii) dividends should be grossed-up to a before-tax equivalent using the issuer's effective income tax rate; and

(f) for distributions of both debt securities and preferred shares, the appropriate denominator is the same as for a preferred share issue, except that the denominator should also reflect the effect of the debt securities being offered pursuant to the short form prospectus.

(4) The denominator represents a pro forma calculation of the aggregate of an issuer's borrowing cost obligations on all financial liabilities and dividend obligations (including both dividends declared and undeclared dividends on cumulative preferred shares) with respect to all outstanding preferred shares, as adjusted to reflect

(a) the issuance of all financial liabilities and, in addition in the case of an issuance of preferred shares, all preferred shares issued, since the date of the annual financial statements or interim financial report;

(b) the issuance of the securities that are to be distributed under the short form prospectus, based on a reasonable estimate of the price at which these securities will be distributed; and

(c) the repayment or redemption of all financial liabilities since the date of the annual financial statements or interim financial report, all financial liabilities to be repaid or redeemed from the proceeds to be realized from the sale of securities under the short form prospectus and, in addition, in the case of an issuance of preferred shares, all preferred shares repaid or redeemed since the date of the annual financial statements or interim financial report and all preferred shares to be repaid or redeemed from the proceeds to be realized from the sale of securities under the short form prospectus.

(5) (paragraph revoked).

(6) For debt securities, disclosure of earnings coverage shall include language similar to the following, with the bracketed and bulleted information completed:

“[Name of the issuer]'s borrowing cost requirements, after giving effect to the issue of [the debt securities to be distributed under the short form prospectus], amounted to \$-- - for the 12 months ended --. [Name of the issuer]'s profit or loss attributable to owners of the parent before borrowing costs and income tax for the 12 months then ended was \$-- , which is -- times [name of the issuer]'s borrowing cost requirements for this period.”.

(7) For preferred share issues, disclosure of earnings coverage shall include language similar to the following, with the bracketed and bulleted information completed:

“[Name of the issuer]'s dividend requirements on all of its preferred shares, after giving effect to the issue of [the preferred shares to be distributed under the short form

prospectus], and adjusted to a before-tax equivalent using an effective income tax rate of --%, amounted to \$-- for the 12 months ended o. [Name of the issuer]'s borrowing cost requirements for the 12 months then ended amounted to \$--. [Name of the issuer]'s profit or loss attributable to owners of the parent before borrowing costs and income tax for the 12 months ended -- was \$--, which is o times [name of the issuer]'s aggregate dividend and borrowing cost requirements for this period.”.

(8) (paragraph revoked).

(9) *Other earnings coverage calculations may be included as supplementary disclosure to the required earnings coverage calculations outlined above as long as their derivation is disclosed and they are not given greater prominence than the required earnings coverage calculations.*

“The issuer has granted to each holder of a special warrant a contractual right of rescission of the prospectus-exempt transaction under which the special warrant was initially acquired. The contractual right of rescission provides that if a holder of a special warrant who acquires another security of the issuer on exercise of the special warrant as provided for in the prospectus is, or becomes, entitled under the securities legislation of a jurisdiction to the remedy of rescission because of the short form prospectus or an amendment to the short form prospectus containing a misrepresentation,

(a) the holder is entitled to rescission of both the holder’s exercise of its special warrant and the private placement transaction under which the special warrant was initially acquired,

(b) the holder is entitled in connection with the rescission to a full refund of all consideration paid to the underwriter or issuer, as the case may be, on the acquisition of the special warrant, and

(c) if the holder is a permitted assignee of the interest of the original special warrant subscriber, the holder is entitled to exercise the rights of rescission and refund as if the holder was the original subscriber.”

7.7 Restricted Securities

(1) If the issuer has outstanding, or proposes to distribute under a short form prospectus restricted securities, subject securities or securities that are, directly or indirectly, convertible into or exercisable or exchangeable for restricted securities or subject securities, provide a detailed description of

(a) the voting rights attached to the restricted securities that are the subject of the distribution or that will result from the distribution, either directly or following a conversion, exchange or exercise, and the voting rights, if any, attached to the securities of any other class of securities of the issuer that are the same as or greater than, on a per security basis, those attached to the restricted securities,

(d) how the issuer complied with, or basis upon which it was exempt from, the requirements of Part 12 of Regulation 41-101 respecting General Prospectus Requirements.

(2) If holders of restricted securities do not have all of the rights referred to in subsection (1) the detailed description referred to in that subsection must include, in boldface, a statement of the rights the holders do not have.

(e) any factors or considerations identified by the credit rating organization as giving rise to unusual risks associated with the securities;

(f) a statement that a credit rating or a stability rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the credit rating organization; and

(g) any announcement made by, or any proposed announcement known to the issuer that is to be made by, a credit rating organization to the effect that the organization is reviewing or intends to revise or withdraw a rating previously assigned and required to be disclosed under this section.

INSTRUCTIONS

There may be factors relating to a security that are not addressed by a credit rating organization when they give a rating. For example, in the case of cash settled derivative

instruments, factors in addition to the creditworthiness of the issuer, such as the continued subsistence of the underlying interest or the volatility of the price, value or level of the underlying interest may be reflected in the rating analysis. Rather than being addressed in the rating itself, these factors may be described by a credit rating organization by way of a superscript or other notation to a rating. Any such attributes must be discussed in the disclosure under this section.

A provisional rating received before the issuer's most recently completed financial year is not required to be disclosed under this section.
