PART 12 FOOTNOTES

12.1 Footnotes

Footnotes - The following footnotes are an integral part of this National Instrument :

1. A national definition instrument has been adopted as National Instrument 14-101 Definitions. It contains definitions of certain terms used in more than one national instrument. National Instrument 14-101 also provides that a term used in a national instrument and defined in the statute relating to securities of the applicable jurisdiction, the definition of which is not restricted to a specific portion of the statute, will have the meaning given to it in the statute relating to securities of that jurisdiction. National Instrument 14-101 also provides that a provision in a national instrument that specifically refers by name to a jurisdiction, other than the local jurisdiction shall not have any effect in the local jurisdiction, unless otherwise stated in the provision.
2. In some jurisdictions, notably British Columbia and Alberta, it is the regulator and not the securities regulatory authority that has the discretion to object to a rights offering proceeding in reliance on the rights offering prospectus exemption. The term "securities regulatory authority" is defined in National Instrument 14-101 Definitions. The definition is the securities commission or similar regulatory authority in the local jurisdiction listed in an appendix to that instrument. The term "regulator" is defined in National Instrument 14-101 Definitions as meaning, in a jurisdiction, the person listed in an appendix to that instrument.
3. The term "prospectus requirement" is defined in National Instrument 14-101 as the requirement in securities legislation that prohibits a person or company from distributing a security unless a preliminary prospectus and prospectus for the security have been filed and receipts obtained for them. The term "securities legislation" is defined in National Instrument 14-101 Definitions as meaning the particular statute and legislative instruments of the local jurisdiction set out in an appendix to that instrument and will generally include the statute, regulations and, in some cases, rules, rulings, orders and forms relating to securities in the local jurisdiction. The term "local jurisdiction" is defined in the National Instrument 14- 101 Definitions. The definition is "in a national instrument adopted or made by a Canadian securities regulatory authority, the jurisdiction in which the Canadian securities regulatory authority is situate".
4. The term "jurisdiction" is defined in National Instrument 14-101 Definitions as meaning "a province or territory of Canada except when used in the term foreign jurisdiction". Given the extensive use of book-based systems to register securities, a "residency" test has been imposed.

5. In Quebec an amendment to a rights offering circular is required if a material change occurs after the circular has been accepted.
6. The term "Canadian financial institution" is defined in National Instrument 14-101 Definitions as a bank, loan corporation, trust company, insurance company, treasury branch, credit union or caisse populaire licensed in Canada or a province or territory and the Confédération des caisses populaires et d'economie Desjardins du Québec.
