securities, or

(b) for damages against [state the name of issuer or other term used to refer to issuer and the title of any other person against whom the rights are available].

This statutory right to sue is available to you whether or not you relied on the misrepresentation. Instructions for Completing

Form 45-106F2 Offering Memorandum for Non-Qualifying Issuers

A. General Instructions

1. Draft the offering memorandum so that it is easy to read and understand. Be concise and use clear, plain language. Avoid technical terms. If technical terms are necessary, provide definitions.
2. Address the items required by the form in the order set out in the form. However, it is not necessary to provide disclosure about an item that does not apply.
3. The issuer may include additional information in the offering memorandum other than that specifically required by the form. An offering memorandum is generally not required to contain the level of detail and extent of disclosure required by a prospectus. Generally, this description should not exceed 2 pages. However, an offering memorandum must provide a prospective purchaser with sufficient information to make an informed investment decision.
4. The issuer may wrap the offering memorandum around a prospectus or similar document. However, all matters required to be disclosed by the offering memorandum must be addressed and the offering memorandum must provide a cross-reference to the page number or heading in the wrapped document where the relevant information is contained. The certificate to the offering memorandum must be modified to indicate that the offering memorandum, including the document around which it is wrapped, does not contain a misrepresentation.
5. It is an offence to make a misrepresentation in the offering memorandum. This applies both to information that is required by the form and to additional information that is provided. Include particulars of any material facts, which have not been disclosed under any of the Item numbers and for which failure to disclose would constitute a misrepresentation in the offering memorandum. Refer also to section 3.8(3) of Policy Statement to Regulation 45-106 respecting Prospectus and Registration Exemptions adopted pursuant to decision No. 2009-PDG-0119 dated September 4, 2009 for additional information.
6. When the term "related party" is used in this form, it refers to:
 - (a) a director, officer, promoter or control person of the issuer,
 - (b) in regard to a person referred to in (a), a child, parent, grandparent or sibling, or other relative living in the same residence,
 - (c) in regard to a person referred to in (a) or (b), his or her spouse or a person with whom he or she is living in a marriage-like relationship,
 - (d) an insider of the issuer,
 - (e) a company controlled by one or more individuals referred to in (a) to (d), and
 - (f) in the case of an insider, promoter or control person that is not an individual, any person that controls that insider, promoter or control person.

(If the issuer is not a reporting issuer, the reference to "insider" includes persons or companies who would be insiders of the issuer if that issuer were a reporting issuer.)
7. Disclosure is required in item 3.1 of compensation paid directly or indirectly by the issuer or a related party to a director, officer, promoter and/or principal holder if the issuer receives a direct benefit from such compensation paid.

8. Refer to Regulation 43-101 respecting Standards of Disclosure for Mineral Projects (Regulation 43-101) when disclosing scientific or technical information for a mineral project of the issuer.

9. If an oil and gas issuer is disclosing information about its oil and gas activities, it must ensure that the information is disclosed in accordance with Part 4 and Part 5 of Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (Regulation 51-101). Under section 5.3 of Regulation 51-101 disclosure of reserves or resources must be consistent with the reserves and resources terminology and categories set out in the Canadian Oil and Gas Evaluation Handbook. For the purposes of this instruction, references to reporting issuer in Part 4 and Part 5 of Regulation 51-101 will be deemed to include all issuers.

10. Securities legislation restricts what can be told to investors about the issuer's intent to list or quote securities on an exchange or market. Refer to applicable securities legislation before making any such statements.

11. If an issuer uses this form in connection with a distribution under an exemption other than section 2.9 (*offering memorandum*) of Regulation 45-106 respecting Prospectus and Registration Exemptions, the issuer must modify the disclosure in item 11 to correctly describe the purchaser's rights. If a purchaser does not have statutory or contractual rights of action in the event of a misrepresentation in the offering memorandum, that fact must be stated in bold on the face page.

12. During the course of a distribution of securities, any material forward-looking information disseminated must only be that which is set out in the offering memorandum. If an extract of FOFI, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations (Regulation 51-102), is disseminated, the extract or summary must be reasonably balanced and have a cautionary note in boldface stating that the information presented is not complete and that complete FOFI is included in the offering memorandum.

B. Financial Statements - General

1. All financial statements, operating statements for an oil and gas property that is an acquired business or a business to be acquired and summarized financial information as to the assets, liabilities and results of operations of a business relating to an acquisition that is, or will be, an investment accounted for by the issuer using the equity method included in the offering memorandum must comply with Regulation 52-107 respecting Acceptable Accounting Principles, Auditing Standards and Reporting Currency approved by Ministerial Order No. 2005-07 dated May 19, 2005 (Regulation 52-107), regardless of whether the issuer is a reporting issuer or not. Under Regulation 52-107, a non-qualifying issuer that uses Canadian GAAP cannot use differential reporting as set out in the Handbook.

2. Include all financial statements required by these instructions in the offering memorandum immediately before the certificate page of the offering memorandum.

3. If the issuer has not completed one financial year or its first financial year end is less than 120 days from the date of the offering memorandum, include in the offering memorandum financial statements of the issuer consisting of:

(a) an income statement, a statement of retained earnings and a cash flow statement for the period from inception to a date not more than 90 days before the date of the offering memorandum,

(b) a balance sheet as at the end of the period referred to in paragraph (a), and

(c) notes to the financial statements.

4. If the issuer has completed one or more financial years, include in the offering memorandum annual financial

statements of the issuer consisting of:

(a) an income statement, a statement of retained earnings and a cash flow statement for

(i) the most recently completed financial year that ended more than 120 days before the date of the offering memorandum, and

(ii) the financial year immediately preceding the financial year in clause (i), if any,

(b) a balance sheet as at the end of each of the periods referred to in paragraph (a), and

(c) notes to the financial statements.

5. If the issuer has completed one or more financial years, include in the offering memorandum interim financial statements of the issuer comprised of:

(a) an income statement, a statement of retained earnings and a cash flow statement for the most recently completed interim period that ended

(i) more than 60 days before the date of the offering memorandum, and

(ii) after the year-end date of the financial statements required under B.4(a)(i),

(b) an income statement, a statement of retained earnings and a cash flow statement for the corresponding period in the immediately preceding financial year, if any,

(c) a balance sheet as at the end of the periods required by paragraphs (a) and (b), and

(d) notes to the financial statements.

6. An issuer is not required to include the comparative financial information for the period in B.4.(a)(ii) in an offering memorandum if the issuer includes financial statements for a financial year ended less than 120 days before the date of the offering memorandum.

7. For an issuer that is not an investment fund, the term "interim period" has the meaning set out in Regulation 51-102. In most cases, an interim period is a period ending nine, six, or three months before the end of a financial year. For an issuer that is an investment fund, the term "interim period" has the meaning set out in Regulation 81-106 respecting Investment Fund Continuous Disclosure (Regulation 81-106).

8. The comparative financial information required under B.5(b) and (c) may be omitted if not previously prepared.

9. The financial statements required by B.3 and the financial statements of the most recently completed financial period referred to in B.4 must be audited. The financial statements required under B.5, B.6 and the comparative financial information required by B.4 may be unaudited; however, if any of those financial statements have been audited, the auditor's report must be included in the offering memorandum.

10. Refer to Regulation 52-108 respecting Auditor Oversight approved by Ministerial Order No. 2005-16 dated August 2, 2005 for requirements relating to reporting issuers and public accounting firms.

11. All unaudited financial statements and unaudited comparatives must be clearly labelled as unaudited.

12. If the offering memorandum does not contain audited financial statements for the issuer's most recently

completed financial year, and if the distribution is ongoing, update the offering memorandum to include the annual audited financial statements and the accompanying auditor's report as soon as the issuer has approved the audited financial statements, but in any event no later than the 120th day following the financial year end.

13. The offering memorandum does not have to be updated to include interim financial statements for periods completed after the date that is 60 days before the date of the offering memorandum unless it is necessary to prevent the offering memorandum from containing a misrepresentation.

14. Forward looking information included in an offering memorandum must comply with section 4A.2 of Regulation 51-102 and must include the disclosure described in section 4A.3 of Regulation 51-102. In addition to the foregoing, FOFI or a financial outlook, each as defined in Regulation 51-102, included in an offering memorandum must comply with Part 4B of Regulation 51-102. For an issuer that is not a reporting issuer, references to "reporting issuer" in section 4A.2, section 4A.3 and Part 4B of Regulation 51-102 should be read as references to an "issuer". Additional guidance may be found in the Policy Statement to Regulation 51-102 respecting Continuous Disclosure Obligations adopted pursuant to decision No. 2006-PDG-0223 dated December 12, 2006.

15. If the issuer is a limited partnership, in addition to the financial statements required for the issuer, include in the offering memorandum the financial statements in accordance with Part B for the general partner and, if the limited partnership has active operations, for the limited partnership.

C. Financial Statements - Business Acquisitions

1. If the issuer

(a) has acquired a business during the past two years and the audited financial statements of the issuer included in the offering memorandum do not include the results of the acquired business for 9 consecutive months, or

(b) is proposing to acquire a business and the acquisition has progressed to a state where a reasonable person would believe that the likelihood of the acquisition being completed is high,

include the financial statements specified in C.4 for the business if either of the tests in C.2 is met, irrespective of how the issuer accounts, or will account, for the acquisition.

2. Include the financial statements specified in C.4 for a business referred to in C.1 if either:

(a) the issuer's proportionate share of the consolidated assets of the business exceeds 40% of the consolidated assets of the issuer calculated using the annual financial statements of each of the issuer and the business for the most recently completed financial year of each that ended before the date of acquisition or, for a proposed acquisition, the date of the offering memorandum or

(b) the issuer's consolidated investments in and advances to the business as at the date of acquisition or the proposed date of acquisition exceeds 40% of the consolidated assets of the issuer, excluding any investments in or advances to the business, as at the last day of the issuer's most recently completed financial year that ended before the date of acquisition or the date of the offering memorandum for a proposed acquisition.

2.1 In this Instruction C, the term "date of acquisition" means the date of acquisition used for accounting purposes.

3. If an issuer or a business has not yet completed a financial year, or its first financial year ended within 120 days of the offering memorandum date, use the financial statements referred to in B.3 to make the calculations in

C.2.

4. If under C.2 you must include in an offering memorandum financial statements for a business, the financial statements must include:

(a) If the business has not completed one financial year or its first financial year end is less than 120 days from the date of the offering memorandum

(i) an income statement, a statement of retained earnings and a cash flow statement

(A) for the period from inception to a date not more than 90 days before the date of the offering memorandum, or

(B) if the date of acquisition precedes the ending date of the period referred to in (A), for the period from inception to the date of acquisition or a date not more than 45 days before the date of acquisition,

(i) a balance sheet dated as at the end of the period referred to in clause (i), and

(ii) notes to the financial statements.

(b) If the business has completed one or more financial years include

(i) annual financial statements comprised of:

(A) an income statement, a statement of retained earnings and a cash flow statement for the following annual periods:

i. the most recently completed financial year that ended before the date of acquisition and more than 120 days before the date of the offering memorandum, and

ii. the financial year immediately preceding the most recently completed financial year specified in clause i, if any,

(B) a balance sheet as at the end of each of the periods specified in (A),

(C) notes to the financial statements, and

(ii) interim financial statements comprised of:

(A) an income statement, a statement of retained earnings and a cash flow statement for either:

i. the most recently completed year-to-date interim period and the three month period ending on the last date of the interim period that ended before the date of acquisition and more than 60 days before the date of the offering memorandum and ended after the date of the financial statements required under C.4(b)(i)(A)i, or

ii. the period from the first day after the financial year referred to in C.4(b)(i) to a date before the date of acquisition and after the period end in C.4(b)(ii)(A)i, and

(B) an income statement, a statement of retained earnings and a cash flow statement for the corresponding period in the immediately preceding financial year, if any,

- (C) a balance sheet as at the end of the periods required by (A) and (B), and
- (D) notes to the financial statements.

Refer to Instruction B.7 for the meaning of "interim period".

5. The information for the most recently completed financial period referred to in C.4(b)(i) must be audited and accompanied by an auditor's report. The financial statements required under C.4(a), C.4(b)(ii) and the comparative financial information required by C.4(b)(i) may be unaudited; however, if those financial statements or comparative financial information have been audited, the auditor's report must be included in the offering memorandum.

6. If the offering memorandum does not contain audited financial statements for a business referred to in C.1 for the business's most recently completed financial year that ended before the date of acquisition and the distribution is ongoing, update the offering memorandum to include those financial statements accompanied by an auditor's report when they are available, but in any event no later than the date 120 days following the year-end.

7. The term "business" should be evaluated in light of the facts and circumstances involved. Generally, a separate entity or a subsidiary or division of an entity is a business and, in certain circumstances, a lesser component of an entity may also constitute a business, whether or not the subject of the acquisition previously prepared financial statements. The subject of an acquisition should be considered a business where there is, or the issuer expects there will be, continuity of operations. The issuer should consider:

(a) whether the nature of the revenue producing activity or potential revenue producing activity will remain generally the same after the acquisition, and

(b) whether any of the physical facilities, employees, marketing systems, sales forces, customers, operating rights, production techniques or trade names are acquired by the issuer instead of remaining with the vendor after the acquisition.

8. If a transaction or a proposed transaction for which the likelihood of the transaction being completed is high has been or will be accounted for as a reverse take-over as defined in Regulation 51-102, include financial statements for the legal subsidiary in the offering memorandum in accordance with Part A. The legal parent, as that term is defined in the CICA Handbook, is considered to be the business acquired. C.1 may also require financial statements of the legal parent.

9. An issuer satisfies the requirements in C.4 if the issuer includes in the offering memorandum the financial statements required in a business acquisition report under Regulation 51-102.

D. Financial Statement - Exemptions

1. An issuer will satisfy the financial statement requirements of this form if it includes the financial statements required by securities legislation for a prospectus.

2. Notwithstanding the requirements in section 3.2(a) of Regulation 52-107, an auditor's report that accompanies financial statements of an issuer or a business contained in an offering memorandum of a non-reporting issuer may contain a qualification of opinion relating to inventory if

(a) the issuer includes in the offering memorandum a balance sheet that is for a date that is subsequent to the date to which the qualification relates, and

(b) the balance sheet referred to in paragraph (a) is accompanied by an auditor's report that does not contain a qualification of opinion relating to closing inventory, and

(c) the issuer has not previously filed financial statements for the same entity accompanied by an auditor's report for a prior year that contained a qualification of opinion relating to inventory.

3. If an issuer has, or will account for a business referred to in C.1 using the equity method, then financial statements for a business required by Part C are not required to be included if:

(a) the offering memorandum includes disclosure for the periods for which financial statements are otherwise required under Part C that:

(i) summarizes information as to the assets, liabilities and results of operations of the business, and

(ii) describes the issuer's proportionate interest in the business and any contingent issuance of securities by the business that might significantly affect the issuer's share of earnings;

(b) the financial information provided under D.3(a) for the most recently completed financial year has been audited, or has been derived from audited financial statements of the business; and

(c) the offering memorandum discloses that:

(i) the financial information provided under D.3(a) for any completed financial year has been audited, or identifies the audited financial statements from which the financial information provided under D.3(a) has been derived; and

(ii) the audit opinion with respect to the financial information or financial statements referred to in D.3(c)(i) was issued without a reservation of opinion.

If the financial information included in an offering memorandum under D.3(a) has been derived from financial statements of a business incorporated or organized in a foreign jurisdiction that have been prepared in accordance with foreign GAAP, the information must be accompanied by a note that explains and quantifies the effect of material differences between Canadian GAAP and the foreign GAAP.

4. Financial statements relating to the acquisition or proposed acquisition of a business that is an interest in an oil and gas property are not required to be included in an offering memorandum if the acquisition is significant based only on the asset test or:

(a) the issuer is unable to provide the financial statements in respect of the significant acquisition otherwise required because those financial statements do not exist or the issuer does not have access to those financial statements,

(b) the acquisition was not or will not be accounted for as a "reverse take-over" as defined in Regulation 51-102,

(c) the business did not or does not constitute a "reportable segment" of the seller, as defined in section 1701 of the CICA Handbook, at the time of acquisition, and

(d) the offering memorandum contains alternative disclosure for the business which includes:

(i) an operating statement for each of the financial periods for which financial statements would, but for this section, be required under C.4, presenting for the business, at a minimum, the following line items:

A) gross revenue,

- B) royalty expenses,
- C) production costs, and
- D) operating income,

The operating statement for the most recently completed financial period referred to in C.4(b)(i) must be audited.

- (ii) a description of the property or properties and the interest acquired by the issuer,
- (iii) information with respect to the estimated reserves and related future net revenue attributable to the business, the material assumptions used in preparing the estimates and the identity and relationship to the issuer or to the seller of the person who prepared the estimates,
- (iv) actual production volumes of the property for the most recently completed year, and
- (v) estimated production volumes of the property for the first year reflected in the estimate disclosed under D.4(d)(iv).

5. Financial statements for a business that is an interest in an oil and gas property, or for the acquisition or proposed acquisition by an issuer of a property, are not required to be audited if during the 12 months preceding the date of acquisition or the proposed date of acquisition, the daily average production of the property on a barrel of oil equivalent basis (with gas converted to oil in the ratio of six thousand cubic feet of gas being the equivalent of one barrel of oil) is less than 20 per cent of the total daily average production of the seller for the same or similar periods and:

- (i) despite reasonable efforts during the purchase negotiations, the issuer was prohibited from including in the purchase agreement the rights to obtain an audited operating statement of the property,
- (ii) the purchase agreement includes representations and warranties by the seller that the amounts presented in the operating statement agree to the seller's books and records, and
- (iii) the offering memorandum discloses
 - 1. that the issuer was unable to obtain an audited operating statement,
 - 2. the reasons for that inability,
 - 3. the fact that the purchase agreement includes the representations and warranties referred to in D.5(ii), and
 - 4. that the results presented in the operating statements may have been materially different if the statements had been audited.

This contractual right to sue is available to you whether or not you relied on the misrepresentation. However, in an action for damages, the amount you may recover will not exceed the price that you paid for your securities and will not include any part of the damages that [name of issuer or other term used to refer to issuer] proves does not represent the depreciation in value of the securities resulting from the misrepresentation. [Name of issuer or other term used to refer to issuer] has a defence if it proves that you knew of the misrepresentation when you purchased the securities.

If you intend to rely on the rights described in (a) or (b) above, you must do so within strict time limitations. You must commence your action to cancel the agreement within 180 days after you signed the agreement to purchase the securities. You must commence your action for damages within the earlier of 180 days after learning of the misrepresentation and 3 years after you signed the agreement to purchase the securities.”

Item 12 Date and Certificate

State the following on the certificate page of the offering memorandum:

“Dated [insert the date the certificate page of the offering memorandum is signed].

This offering memorandum does not contain a misrepresentation.”

Instructions for Completing Form 45-106F3 Offering Memorandum for Qualifying Issuers

A. General Instructions

1. Only a “qualifying issuer” may use this form.
2. An issuer using this form to draft an offering memorandum must incorporate by reference certain parts of its existing continuous disclosure base. An issuer that does not want to do this must use Form 45-106F2 *Offering Memorandum for Non-Qualifying Issuers*.
3. Draft the offering memorandum so that it is easy to read and understand. Be concise and use clear, plain language. Avoid technical terms. If technical terms are necessary, provide definitions.
4. Address the items required by the form in the order set out in the form. However, it is not necessary to provide disclosure about an item that does not apply.
5. The issuer may include additional information in the offering memorandum other than that specifically required by the form. The offering memorandum is generally not required to contain the level of detail and extent of disclosure required by a prospectus. However, an offering memorandum must provide a prospective purchaser with

sufficient information to make an informed investment decision.

6. The issuer may wrap the offering memorandum around a prospectus or similar document. However, all matters required to be disclosed by the offering memorandum must be addressed and the offering memorandum must provide a cross-reference to the page number or heading in the wrapped document where the relevant information is contained. The certificate to the offering memorandum must be modified to indicate that the offering memorandum, including the document around which it is wrapped, does not contain a misrepresentation.

7. It is an offence to make a misrepresentation in the offering memorandum. This applies both to information that is required by the form and to additional information that is provided. Include particulars of any material facts, which have not been disclosed under any of the Item numbers and for which failure to disclose would constitute a misrepresentation in the offering memorandum. Refer also to section 3.8(3) of Policy Statement to Regulation 45-106 respecting Prospectus and Registration Exemptions for additional information.

8. Refer to Regulation 43-101 respecting Standards of Disclosure for Mineral Projects (Regulation 43-101) when disclosing scientific or technical information for a mineral project of the issuer.

9. If an oil and gas issuer is disclosing information about its oil and gas activities, it must ensure that the information is disclosed in accordance with Part 4 and Part 5 of Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (Regulation 51-101). Under section 5.3 of Regulation 51-101 disclosure of reserves or resources must be consistent with the reserves and resources terminology and categories set out in the Canadian Oil and Gas Evaluation Handbook. For the purposes of this instruction, references to reporting issuer in Part 4 and Part 5 of Regulation 51-101 will be deemed to include all issuers.

10. Securities legislation restricts what can be told to investors about the issuer's intent to list or quote securities on an exchange or market. Refer to applicable securities legislation before making any such statements.

11. If an issuer uses this form in connection with a distribution under an exemption other than section 2.9 (*offering memorandum*) of Regulation 45-106 respecting Prospectus and Registration Exemptions, the issuer must modify the disclosure in item 12 to correctly describe the purchaser's rights. If a purchaser does not have statutory or contractual rights of action in the event of a misrepresentation in the offering memorandum, that fact must be stated in bold on the face page.

13. During the course of a distribution of securities, any material forward-looking information disseminated must only be that which is set out in the offering memorandum. If an extract of FOFI, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations (Regulation 51-102), is disseminated, the extract or summary must be reasonably balanced and have a cautionary note in boldface stating that the information presented is not complete and that complete FOFI is included in the offering memorandum.

B. Financial Statements

1. All financial statements incorporated by reference into the offering memorandum must comply with Regulation 51-102 and Regulation 52-107 respecting Acceptable Accounting Principles, Auditing Standards and Reporting Currency.

2. Forward-looking information included in an offering memorandum must comply with section 4A.2 of Regulation 51-102 and must include the disclosure described in section 4A.3 of Regulation 51-102. In addition to the foregoing, FOFI or a financial outlook, each as defined in Regulation 51-102, included in an offering memorandum must comply with Part 4B of Regulation 51-102. Additional guidance may be found in the Policy Statement to Regulation 51-102 respecting Continuous Disclosure Obligations.

C. Required Updates to the Offering Memorandum

1. If the offering memorandum does not incorporate by reference the issuer's AIF, and audited financial statements for its most recently completed financial year, update the offering memorandum for any financial statements that are required to be filed prior to the distribution to incorporate by reference the documents as soon as the documents are filed on SEDAR.

2. Except for documents referred to in C.1, the offering memorandum does not have to be updated to incorporate by reference interim financial statements or other documents referred to in D.1 unless it is necessary to do so to prevent the offering memorandum from containing a misrepresentation.

D. Information about the Issuer

1. *Existing Documents Incorporated by Reference* - In addition to any other document that an issuer may choose to incorporate by reference, the issuer must incorporate the following documents:

(a) the issuer's AIF for the issuer's most recently completed financial year for which annual financial statements are either required to be filed or have been filed,

(b) material change reports, except confidential material change reports, filed since the end of the financial year in respect of which the issuer's AIF is filed,

(c) the interim financial statements for the issuer's most recently completed interim period for which the issuer prepares interim financial statements that are required to be filed or have been filed and which ends after the most recently completed financial year referred to in (d),

(d) the comparative financial statements, together with the accompanying auditor's report, for the issuer's most recently completed financial year for which annual financial statements are required to be filed or have been filed,

(e) if, before the offering memorandum is filed, financial information about the issuer for a financial period more recent than the period for which financial statements are required under D.1(c) and (d) is publicly disseminated by, or on behalf of, the issuer through news release or otherwise, the content of the news release or public communication,

(f) management's discussion and analysis (MD&A) as required under Regulation 51-102 for the period specified in D.1(c) and D.1(d),

(g) each business acquisition report required to be filed under Regulation 51-102 for acquisitions completed since the beginning of the financial year in respect of which the issuer's AIF is filed, unless the issuer incorporated the business acquisition report by reference into its AIF for its most recently completed financial year for which annual financial statements are either required to be filed or have been filed, or incorporated at least 9 months of the acquired business or related businesses operations into the issuer's most recent audited financial statements,

(h) any information circular filed by the issuer since the beginning of the financial year in respect of which the issuer's most recent AIF is filed, other than an information circular prepared in connection with an annual general meeting if the issuer has filed and incorporated by reference an information circular for a subsequent annual general meeting,

(i) if the issuer has oil and gas activities, as defined in Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities, the most recent Form 51-101F1, Form 51-101F2 and Form 51-101F3, filed by an SEC issuer, unless

- (i) the issuer's current AIF is in the form of Form 51-102F2; or
- (ii) the issuer is otherwise exempted from the requirements of Regulation 51-101,

(j) any other disclosure document which the issuer has filed pursuant to an undertaking to a provincial and territorial securities regulatory authority or regulator since the beginning of the financial year in respect of which the issuer's most recent AIF is filed, and

(k) any other disclosure document of the type listed above that the issuer has filed pursuant to an exemption from any requirement under securities legislation since the beginning of the financial year in respect of which the issuer's most recent AIF is filed.

2. **Mineral Property** – If a material part of the funds available as a result of the distribution is to be expended on a particular mineral property and if the issuer's most recent AIF does not contain the disclosure required under section 5.4 of Form 51-102F2 for the property or that disclosure is inadequate or incorrect due to changes, disclose the information required under section 5.4 of Form 51-102F2.

An issuer may incorporate any additional document provided that the document is available for viewing on the SEDAR website and that, on request by a purchaser, the issuer provides a copy of the document to the purchaser, without charge.

There are restrictions on your ability to resell *exempt market securities*. *Exempt market securities* are more risky than other securities.

You will receive an offering memorandum Read the offering memorandum carefully because it has important information about the issuer and its securities. Keep the offering memorandum because you have rights based on it. Talk to a lawyer for details about these rights.
