A. General Instructions

1. Refer to subsections 2.9(13.1), (13.2) and (13.3) of Regulation 45-106 respecting Prospectus Exemptions (chapter V-1.1, r. 21) (“Regulation 45-106”), which set out the standard of disclosure for an offering memorandum.
2. Draft the offering memorandum so that it is easy to read and understand. Be concise and use clear, plain language. Avoid technical terms. If technical terms are necessary, provide definitions.
3. Address the items required by the form in the order set out in the form. However, it is not necessary to provide disclosure in response to a requirement or part of a requirement that does not apply.
4. The issuer may include additional information in the offering memorandum other than that specifically required by the form.
5. The issuer may wrap the offering memorandum around a prospectus or similar document. However, all matters required to be disclosed by the offering memorandum must be addressed and the offering memorandum must provide a cross-reference to the page number or heading in the wrapped document where the relevant information is contained. The certificate to the offering memorandum must be modified to indicate that the offering memorandum, including the document around which it is wrapped, does not contain a misrepresentation.
6. It is an offence to make a misrepresentation in the offering memorandum. This applies to both information that is required by the form and additional information that is provided. Include particulars of any material facts, which have not been disclosed under any of the Item numbers and for which failure to disclose would constitute a misrepresentation in the offering memorandum. Refer also to subsection 3.8(3) of Policy Statement to Regulation 45-106 respecting Prospectus Exemptions for additional information.
7. Do not disclose a maximum offering amount unless the issuer reasonably expects, as at the date of the offering memorandum, to distribute that amount under the offering memorandum.
8. Refer to Regulation 43-101 respecting Standards of Disclosure for Mineral Projects (chapter V-1.1, r. 15) (“Regulation 43-101”) when disclosing scientific or technical information for a mineral project of the issuer.
9. If an oil and gas issuer is disclosing information about its oil and gas activities, it must ensure that the information is disclosed in accordance with Part 4 and Part 5 of Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (chapter V 1.1, r. 23) (“Regulation 51-101”). Under section 5.3 of Regulation 51-101, disclosure of reserves or resources must be consistent with the reserves and resources terminology and categories set out in the Canadian Oil

and Gas Evaluation Handbook. For the purposes of this instruction, references to reporting issuer in Part 4 and Part 5 of Regulation 51-101 will be deemed to include all issuers.

10. Securities legislation restricts what can be told to investors about the issuer's intent to list or quote securities on an exchange or market. Refer to applicable securities legislation before making any such statements.

11. If an issuer uses this form in connection with a distribution under an exemption other than section 2.9 of Regulation, the issuer must modify the disclosure in item 13 to correctly describe the purchaser's rights. If a purchaser does not have statutory or contractual rights of action in the event of a misrepresentation in the offering memorandum, that fact must be stated in bold on the face page.

12. During the course of a distribution of securities, any material forward-looking information disseminated must only be that which is set out in the offering memorandum. If an extract of FOFI, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations (chapter V-1.1, r. 24) ("Regulation 51-102"), is disseminated, the extract or summary must be reasonably balanced and have a cautionary note in boldface stating that the information presented is not complete and that complete FOFI is included in the offering memorandum.

13. The term "quasi-criminal offence" includes offences under tax, immigration or money laundering legislation.

B. Financial Statements – General

1. All financial statements, operating statements for an oil and gas property that is an acquired business or a business to be acquired, and summarized financial information as to the aggregated amounts of assets, liabilities, revenue and profit or loss of an acquired business or business to be acquired that is, or will be, an investment accounted for by the issuer using the equity method included in the offering memorandum must comply with Regulation 52-107 respecting Acceptable Accounting Principles and Auditing Standards (chapter V-1.1, r. 25) ("Regulation 52-107"), regardless of whether the issuer is a reporting issuer or not.

Under Regulation 52-107, financial statements are generally required to be prepared in accordance with Canadian GAAP applicable to publicly accountable enterprises. An issuer using this form cannot use Canadian GAAP applicable to private enterprises, except, subject to the requirements of Regulation 52-107, certain issuers may use Canadian GAAP applicable to private enterprises for financial statements for a business referred to in Instruction C.1. An issuer that is not a reporting issuer may prepare acquisition statements in accordance with the requirements of Regulation 52-107 as if the issuer were a venture issuer as defined in Regulation 51-102. For the purposes of this form, the "applicable time" in the definition of a venture issuer is the acquisition date.

2. Include all financial statements required by these instructions in the offering memorandum immediately before the certificate page of the offering memorandum.

(a) a statement of comprehensive income, a statement of changes in equity and a statement of cash flows for the most recently completed interim period that ended

(f) for an issuer that is not a reporting issuer in at least one jurisdiction of Canada immediately before filing the offering memorandum, if the issuer is including an interim financial report of the issuer for the second or third interim period in the year of adopting IFRS,

(i) the issuer's first interim financial report in the year of adopting IFRS, or

7. If an issuer presents the components of profit or loss in a separate income statement, the separate income statement must be displayed immediately before the statement of comprehensive income filed under Instruction B.6.

8. An issuer is not required to include the comparative financial information for the period in Instruction B.4.(a)(ii) in an offering memorandum if the issuer includes financial statements for a financial year ended less than 120 days before the date of the offering memorandum.

9. For an issuer that is not an investment fund, the term "interim period" has the meaning set out in Regulation 51-102. In most cases, an interim period is a period ending nine, six, or three months before the end of a financial year. For an issuer that is an investment fund, the term "interim period" has the meaning set out in Regulation 81-106 respecting Investment Fund Continuous Disclosure (chapter V 1.1, r. 42) ("Regulation 81-106").

10. The comparative financial information required under Instruction B.6(b) and (c) may be omitted if the issuer has not previously prepared financial statements in accordance with its current or, if applicable, its previous GAAP.

11. The financial statements required by Instructions B.3, B.4 and B.14(a) must be audited. The financial statements required by Instructions B.6, B.8, B.14(b) and the comparative financial information required by Instruction B.4 may be unaudited; however, if any of those financial statements have been audited, the auditor's report must be included in the offering memorandum.

12. Refer to Regulation 52-108 respecting Auditor Oversight (chapter V-1.1, r. 26) for requirements relating to reporting issuers and public accounting firms.

13. All unaudited financial statements and unaudited comparatives must be clearly labelled as unaudited.

14. If the distribution is ongoing, and the offering memorandum does not contain audited annual financial statements for the issuer's most recently completed financial year, the issuer must do the following:

(a) amend the offering memorandum to include the audited annual financial statements and the accompanying auditor's report as soon as the issuer has approved the audited financial statements, but in any event no later than the 120th day following the financial year end;

(b) present the amended offering memorandum and the audited annual financial statements in accordance with the instructions in Parts A, B and C and, for that purpose, the reference to the financial year in Instruction B.4(a)(i) shall mean the issuer's most recently completed financial year.

If the distribution is ongoing, and the offering memorandum is amended pursuant to subsection 2.9(13.2) of the Regulation to reflect a material change, the issuer must present the amended offering memorandum in accordance with the instructions in Parts A, B and C, including any interim financial report required by Instruction B.6(a).

16. In Ontario, if more than 60 days have elapsed since the end of the second interim period that commenced following the later of the issuer's inception and the issuer's most recently completed financial year, the offering memorandum does not comply with the requirements of this form unless

(a) the offering memorandum, as amended, includes the interim financial report for the most recently completed second interim period,

(b) the interim financial report required by paragraph (a) is presented in accordance with the instructions in Parts A, B and C and, for that purpose, Instruction B.6 shall apply regardless of whether the issuer has completed a financial year and the reference to the interim period in Instruction B.6(a) shall mean the issuer's most recently completed second interim period,

(c) the date of the offering memorandum, as amended, is after the end of this most recently completed second interim period, and

(d) the offering memorandum, as amended, contains all of the disclosure required by this form as of the date in paragraph (c).

17. In Ontario, Instruction B.16 does not apply if the issuer appends to the offering memorandum an additional certificate that

(a) clearly identifies the offering memorandum,

(b) forms part of the offering memorandum,

(c) certifies all of the following to be true:

(i) the offering memorandum does not contain a misrepresentation when read as of the date in paragraph (d);

(ii) there has been no material change in relation to the issuer that is not disclosed in the offering memorandum;

(iii) the offering memorandum, when read as of the date in paragraph (d), provides a reasonable purchaser with sufficient information to make an informed investment decision,

(d) is dated after the end of the issuer's most recently completed second interim period, and

(e) is signed in accordance with subsections 2.9(9) to (12) of the Regulation.

18. In Ontario, if an issuer appends a certificate referred to in Instruction B.17 to its offering memorandum, it must file with the securities regulatory authority in Ontario a copy of the offering

memorandum with the appended certificate on or before the 10th day after the distribution under the offering memorandum.

Forward-looking information, as defined in Regulation 51-102, included in an offering memorandum must comply with section 4A.2 of Regulation 51-102 and must include the disclosure described in section 4A.3 of Regulation 51-102. In addition to the foregoing, FOFI or a financial outlook, each as defined in Regulation 51-102, included in an offering memorandum must comply with Part 4B of Regulation 51-102. For an issuer that is not a reporting issuer, references to "reporting issuer" in section 4A.2, section 4A.3 and Part 4B of Regulation 51-102 must be read as references to an "issuer". Additional guidance may be found in Policy Statement to Regulation 51-102 respecting Continuous Disclosure Obligations.

C. Financial Statements - Business Acquisitions

1. If the issuer

(a) has acquired a business during the past two years and the audited financial statements of the issuer included in the offering memorandum do not include the results of the acquired business for nine consecutive months, or

(b) is proposing to acquire a business and the acquisition has progressed to a state where a reasonable person would believe that the likelihood of the acquisition being completed is high,

include the financial statements specified in Instruction C.4 for the business if either of the tests in Instruction C.2 is met, irrespective of how the issuer accounts, or will account, for the acquisition.

2. Include the financial statements specified in Instruction C.4 for a business referred to in Instruction C.1 if either

(a) the issuer's proportionate share of the consolidated assets of the business exceeds 100% of the consolidated assets of the issuer calculated using the annual financial statements of each of the issuer and the business for the most recently completed financial year of each that ended before the acquisition date or, for a proposed acquisition, the date of the offering memorandum, or

(b) the issuer's consolidated investments in and advances to the business as at the acquisition date or the proposed date of acquisition exceeds 100% of the consolidated assets of the issuer, excluding any investments in or advances to the business, as at the last day of the issuer's most recently completed financial year that ended before the date of acquisition or the date of the offering memorandum for a proposed acquisition. For information about how to perform the investment test in this paragraph, please refer to subsections 8.3(4.1) and (4.2) of Regulation 51-102. Additional guidance may be found in the Policy Statement to Regulation 51-102.

4. If under Instruction C.2 you must include in an offering memorandum financial statements for a business, the financial statements must include

(a) if the business has not completed one financial year or its first financial year end is less than 120 days from the date of the offering memorandum

(i) a statement of comprehensive income, a statement of changes in equity and a statement of cash flows

(A) for the period from inception to a date not more than 90 days before the date of the offering memorandum, or

(B) if the date of acquisition precedes the ending date of the period referred to in clause (A), for the period from inception to the acquisition date or a date not more than 45 days before the acquisition date,

(ii) a statement of financial position dated as at the end of the period referred to in subparagraph (i), and

(b) if the business has completed one or more financial years

(i) annual financial statements comprised of

(A) a statement of comprehensive income, a statement of changes in equity and a statement of cash flows for the following annual periods:

(II) the financial year immediately preceding the most recently completed financial year specified in subclause (I), if any,

(B) a statement of financial position as at the end of each of the periods specified in clause (A),

(C) notes to the financial statements, and

(A) either

(I) a statement of comprehensive income, a statement of changes in equity and a statement of cash flows for the most recently completed year-to-date interim period ending on the last date of the interim period that ended before the acquisition date and more than 60 days before the date of the offering memorandum and ended after the date of the financial statements required under subclause (b)(i)(A)(I), and a statement of comprehensive income and a statement of changes in equity for the three-month period ending on the last date of the interim period that ended before the acquisition date and more than 60 days before the date of the offering memorandum and ended after the date of the financial statements required under subclause (b)(i)(A)(I), or

(II) a statement of comprehensive income, a statement of changes in equity and a statement of cash flows for the period from the first day after the financial year referred to in subparagraph (b)(i) to a date before the acquisition date and after the period end in subclause (b)(ii)(A)(I),

(D) notes to the financial statements.

Refer to Instruction B.9 for the meaning of “interim period”.

5. The information for the most recently completed financial period referred to in Instruction C.4(b)(i) must be audited and accompanied by an auditor’s report. The financial statements required under Instruction C.4(a), Instruction C.4(b)(ii) and the comparative financial information required by Instruction C.4(b)(i) may be unaudited; however, if those financial statements or comparative financial information have been audited, the auditor’s report must be included in the offering memorandum.

6. If the offering memorandum does not contain audited financial statements for a business referred to in Instruction C.1 for the business’s most recently completed financial year that ended before the acquisition date and the distribution is ongoing, update the offering memorandum to include those financial statements accompanied by an auditor’s report when they are available, but in any event no later than the date 120 days following the year-end.

7. The term “business” should be evaluated in light of the facts and circumstances involved. Generally, a separate entity or a subsidiary or division of an entity is a business and, in certain circumstances, a lesser component of an entity may also constitute a business, whether or not the subject of the acquisition previously prepared financial statements. The subject of an acquisition should be considered a business where there is, or the issuer expects there will be, continuity of operations. The issuer should consider

(a) whether the nature of the revenue producing activity or potential revenue producing activity will remain generally the same after the acquisition, and

(b) whether any of the physical facilities, employees, marketing systems, sales forces, customers, operating rights, production techniques or trade names are acquired by the issuer instead of remaining with the vendor after the acquisition.

8. If a transaction or a proposed transaction for which the likelihood of the transaction being completed is high has been or will be a reverse takeover as defined in Regulation 51-102, include financial statements for the legal subsidiary in the offering memorandum in accordance with Part A. The legal parent is considered to be the business acquired. Instruction C.1 may also require financial statements of the legal parent.

9. An issuer satisfies the requirements in Instruction C.4 if the issuer includes in the offering memorandum the financial statements required in a business acquisition report under Regulation 51-102.

D. Financial Statement - Exemptions

1. Notwithstanding the requirements in subparagraph 3.3(1)(a)(i) of Regulation 52-107, an auditor’s report that accompanies financial statements of an issuer or a business contained in an offering memorandum of a non-reporting issuer may express a qualification of opinion relating to inventory if

(a) the issuer includes in the offering memorandum a statement of financial position that is for a date that is after the date to which the qualification relates,

(b) the statement of financial position referred to in paragraph (a) is accompanied by an auditor’s report that does not express a qualification of opinion relating to closing inventory, and

(c) the issuer has not previously filed financial statements for the same entity accompanied by an auditor's report for a prior year that expressed a qualification of opinion relating to inventory.

2. If an issuer has, or will account for a business referred to in Instruction C.1 using the equity method, then financial statements for a business required by Part C are not required to be included if

(a) the offering memorandum includes disclosure for the periods for which financial statements are otherwise required under Part C that

(i) summarizes information as to the aggregated amounts of assets, liabilities, revenue and profit or loss of the business, and

(ii) describes the issuer's proportionate interest in the business and any contingent issuance of securities by the business that might significantly affect the issuer's share of profit or loss,

(b) the financial information provided under paragraph (a) for the most recently completed financial year has been audited, or has been derived from audited financial statements of the business, and

(c) the offering memorandum discloses that

(i) the financial information provided under paragraph (a) for any completed financial year has been audited, or identifies the audited financial statements from which the financial information provided under paragraph (a) has been derived, and

(ii) the audit opinion with respect to the financial information or financial statements referred to in subparagraph (i) was an unmodified opinion.

3. Financial statements relating to the acquisition or proposed acquisition of a business that is an interest in an oil and gas property are not required to be included in an offering memorandum if either of the following apply:

(a) the acquisition is significant based only on the asset test;

(b) the issuer is unable to provide the financial statements in respect of the significant acquisition otherwise required because those financial statements do not exist or the issuer does not have access to those financial statements, and the following apply:

(i) the acquisition was not or will not be a reverse takeover, as defined in Regulation 51-102;

(ii) the following apply:

(A) the offering memorandum includes an operating statement for the business or related businesses for each of the financial periods for which financial statements would, but for this section, be required under Instruction C.4 prepared in accordance with subsection 3.11(5) of Regulation 52-107;

(B) the operating statement for the most recently completed financial period referred to in Instruction C.4(b)(i) is audited;

(C) the offering memorandum includes a description of the property or properties and the interest acquired by the issuer;

(D) the offering memorandum includes information with respect to the estimated reserves and related future net revenue attributable to the business, the material assumptions used in preparing the estimates and the identity and relationship to the issuer or to the seller of the person who prepared the estimates;

(E) the offering memorandum includes actual production volumes of the property for the most recently completed year;

(F) the offering memorandum includes estimated production volumes of the property for the first year reflected in the estimate disclosed under clause (D).

4. Financial statements for a business that is an interest in an oil and gas property, or for the acquisition or proposed acquisition by an issuer of an oil and gas property, are not required to be audited if, during the 12 months preceding the acquisition date or the proposed acquisition date, the average daily production of the property is less than 20% of the average daily production of the seller for the same or similar periods and

(a) despite reasonable efforts during the purchase negotiations, the issuer was prohibited from including in the purchase agreement the rights to obtain an audited operating statement of the property,

(b) the purchase agreement includes representations and warranties by the seller that the amounts presented in the operating statement agree to the seller's books and records, and

(c) the offering memorandum discloses
