**FORM 45-106F1
REPORT OF EXEMPT DISTRIBUTION**

A. General Instructions

1. Filing instructions

An issuer or underwriter that is required to file a report of exempt distribution and pay the applicable filing fee must pay the filing fee and file the information required by this form in the manner and using the templates specified in the System for Electronic Data Analysis and Retrieval + (SEDAR+) in accordance with Regulation 13-103 respecting System for Electronic Data Analysis and Retrieval + (SEDAR+) (chapter V-1.1, r. 2.3).

The issuer or underwriter must file the report in a jurisdiction of Canada if the distribution occurs in the jurisdiction, and the issuer or underwriter is relying on a specific exemption from the prospectus requirement set out in section 6.1 of the Regulation 45-106 respecting Prospectus Exemptions (chapter V-1.1, r. 21). The requirement to file this report might also be a condition of a prospectus exemption provided in a national, multilateral or local rule or instrument, or a condition of an exemptive relief order. If a distribution is made in more than one jurisdiction of Canada, the issuer or underwriter may satisfy its obligation to file the report by completing a single report identifying all purchasers, and file the report in each jurisdiction of Canada in which the distribution occurs. Filing fees payable in a particular jurisdiction are not affected by identifying all purchasers in a single report.

In order to determine the applicable filing fee in a particular jurisdiction of Canada, consult the securities legislation of that jurisdiction. The issuer or underwriter must pay the filing fee through SEDAR+ in accordance with Regulation 13-103 respecting System for Electronic Data Analysis and Retrieval + (SEDAR+).

2. Issuers located outside of Canada

If an issuer located outside of Canada determines that a distribution has taken place in a jurisdiction of Canada, include information about purchasers resident in that jurisdiction only.

3. Multiple distributions

An issuer may use one report for multiple distributions occurring within ten days of each other, provided the report is filed on or before the tenth day following the first distribution date. However, an investment fund issuer that is relying on the exemptions set out in subsection 6.2(2) of Regulation 45-106 respecting Prospectus Exemptions may file the report annually in accordance with that subsection.

4. References to purchaser

References to a purchaser in this form are to the beneficial owner of the securities.

However, if a trust company, trust corporation, or registered adviser described in paragraph (p) or (q) of the definition of “accredited investor” in section 1.1 of Regulation 45-106 respecting Prospectus Exemptions has purchased the securities on behalf of a fully managed account, provide information about the trust company, trust corporation or registered adviser only; do not include information about the beneficial owner of the fully managed account.

Joint purchasers may be treated as one purchaser for the purposes of Item 7(f) of this form.

5. References to issuer

References to “issuer” in this form include an investment fund issuer and a non-investment fund issuer, unless otherwise specified.

6. Investment fund issuers

If the issuer is an investment fund, complete Items 1-3, 6-8, 10, 11 and Schedule 1 of this form.

8. Language

The report must be filed in English or in French. In Québec, the issuer or underwriter must comply with linguistic rights and obligations prescribed by Québec law.

9. Currency

All dollar amounts in the report must be in Canadian dollars. If the distribution was made or any compensation was paid in connection with the distribution in a foreign currency, convert the currency to Canadian dollars using the daily exchange rate of the Bank of Canada on the distribution date. If the distribution date occurs on a date when the daily exchange rate of the Bank of Canada is not available, convert the currency to Canadian dollars using the most recent daily exchange rate of the Bank of Canada available before the distribution date. For investment funds in continuous distribution, convert the currency to Canadian dollars using the average daily exchange rate of the Bank of Canada for the distribution period covered by the report.

If the distribution was not made in Canadian dollars, provide the foreign currency in Item 7(a) of the report.

2. Draft the offering memorandum so that it is easy to read and understand. Be concise and use clear, plain language. Avoid technical terms. If technical terms are necessary, provide definitions.
3. Address the items required by the form in the order set out in the form. However, it is not necessary to provide disclosure in response to a requirement or part of a requirement that does not apply.
4. The issuer may include additional information in the offering memorandum other than that specifically required by the form.
5. The issuer may wrap the offering memorandum around a prospectus or similar document. However, all matters required to be disclosed by the offering memorandum must be addressed and the offering memorandum must provide a cross-reference to the page number or heading in the wrapped document where the relevant information is contained. The certificate to the offering memorandum must be modified to indicate that the offering memorandum, including the document around which it is wrapped, does not contain a misrepresentation.
6. It is an offence to make a misrepresentation in the offering memorandum. This applies to both information that is required by the form and additional information that is provided. Include particulars of any material facts, which have not been disclosed under any of the Item numbers and for which failure to disclose would constitute a misrepresentation in the offering memorandum. Refer also to subsection 3.8(3) of Policy Statement to Regulation 45-106 respecting Prospectus Exemptions for additional information.
7. Do not disclose a maximum offering amount unless the issuer reasonably expects, as at the date of the offering memorandum, to distribute that amount under the offering memorandum.
8. Refer to Regulation 43-101 respecting Standards of Disclosure for Mineral Projects (chapter V-1.1, r. 15) (“Regulation 43-101”) when disclosing scientific or technical information for a mineral project of the issuer.
9. If an oil and gas issuer is disclosing information about its oil and gas activities, it must ensure that the information is disclosed in accordance with Part 4 and Part 5 of Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (chapter V-1.1, r. 23) (“Regulation 51-101”). Under section 5.3 of Regulation 51-101, disclosure of

reserves or resources must be consistent with the reserves and resources terminology and categories set out in the Canadian Oil and Gas Evaluation Handbook. For the purposes of this instruction, references to reporting issuer in Part 4 and Part 5 of Regulation 51-101 will be deemed to include all issuers.

10. Securities legislation restricts what can be told to investors about the issuer's intent to list or quote securities on an exchange or market. Refer to applicable securities legislation before making any such statements.

11. If an issuer uses this form in connection with a distribution under an exemption other than section 2.9 of Regulation, the issuer must modify the disclosure in item 13 to correctly describe the purchaser's rights. If a purchaser does not have statutory or contractual rights of action in the event of a misrepresentation in the offering memorandum, that fact must be stated in bold on the face page.

12. During the course of a distribution of securities, any material forward-looking information disseminated must only be that which is set out in the offering memorandum. If an extract of FOFI, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations (chapter V-1.1, r. 24) ("Regulation 51-102"), is disseminated, the extract or summary must be reasonably balanced and have a cautionary note in boldface stating that the information presented is not complete and that complete FOFI is included in the offering memorandum.

The financial statements required under Instruction C.4(a), Instruction C.4(b)(ii) and the comparative financial information required by Instruction C.4(b)(i) may be unaudited; however, if those financial statements or comparative financial information have been audited, the auditor’s report must be included in the offering memorandum.

6. If the offering memorandum does not contain audited financial statements for a business referred to in Instruction C.1 for the business’s most recently completed financial year that ended before the acquisition date and the distribution is ongoing, update the offering memorandum to include those financial statements accompanied by an auditor’s report when they are available, but in any event no later than the date 120 days following the year-end.

7. The term “business” should be evaluated in light of the facts and circumstances involved. Generally, a separate entity or a subsidiary or division of an entity is a business and, in certain circumstances, a lesser component of an entity may also constitute a business, whether or not the subject of the acquisition previously prepared financial statements. The subject of an acquisition should be considered a business where there is, or the issuer expects there will be, continuity of operations. The issuer should consider

(a) whether the nature of the revenue producing activity or potential revenue producing activity will remain generally the same after the acquisition, and

(b) whether any of the physical facilities, employees, marketing systems, sales forces, customers, operating rights, production techniques or trade names are acquired by the issuer instead of remaining with the vendor after the acquisition.

8. If a transaction or a proposed transaction for which the likelihood of the transaction being completed is high has been or will be a reverse takeover as defined in Regulation 51-102, include financial statements for the legal subsidiary in the offering memorandum in accordance with Part A. The legal parent is considered to be the

business acquired. Instruction C.1 may also require financial statements of the legal parent.

9. An issuer satisfies the requirements in Instruction C.4 if the issuer includes in the offering memorandum the financial statements required in a business acquisition report under Regulation 51-102.

D. Financial Statement - Exemptions

1. Notwithstanding the requirements in subparagraph 3.3(1)(a)(i) of Regulation 52-107, an auditor's report that accompanies financial statements of an issuer or a business contained in an offering memorandum of a non-reporting issuer may express a qualification of opinion relating to inventory if

(a) the issuer includes in the offering memorandum a statement of financial position that is for a date that is after the date to which the qualification relates,

(b) the statement of financial position referred to in paragraph (a) is accompanied by an auditor's report that does not express a qualification of opinion relating to closing inventory, and

(c) the issuer has not previously filed financial statements for the same entity accompanied by an auditor's report for a prior year that expressed a qualification of opinion relating to inventory.

2. If an issuer has, or will account for a business referred to in Instruction C.1 using the equity method, then financial statements for a business required by Part C are not required to be included if

(a) the offering memorandum includes disclosure for the periods for which financial statements are otherwise required under Part C that

(i) summarizes information as to the aggregated amounts of assets, liabilities, revenue and profit or loss of the business, and

(ii) describes the issuer's proportionate interest in the business and any contingent issuance of securities by the business that might significantly affect the issuer's share of profit or loss,

(b) the financial information provided under paragraph (a) for the most recently completed financial year has been audited, or has been derived from audited financial statements of the business, and

(c) the offering memorandum discloses that

(i) the financial information provided under paragraph (a) for any completed financial year has been audited, or identifies the audited financial statements from which the financial information provided under paragraph (a) has been derived, and

(ii) the audit opinion with respect to the financial information or financial statements referred to in subparagraph (i) was an unmodified opinion.

3. Financial statements relating to the acquisition or proposed acquisition of a business that is an interest in an oil and gas property are not required to be included in an offering memorandum if either of the following apply:

(a) the acquisition is significant based only on the asset test;

(b) the issuer is unable to provide the financial statements in respect of the significant acquisition otherwise required because those financial statements do not exist or the issuer does not have access to those financial statements, and the following apply:

(i) the acquisition was not or will not be a reverse takeover, as defined in Regulation 51-102;

(ii) the following apply:

(A) the offering memorandum includes an operating statement for the business or related businesses for each of the financial periods for which financial statements would, but for this section, be required under Instruction C.4 prepared in accordance with subsection 3.11(5) of Regulation 52-107;

(B) the operating statement for the most recently completed financial period referred to in Instruction C.4(b)(i) is audited;

(C) the offering memorandum includes a description of the property or properties and the interest acquired by the issuer;

(D) the offering memorandum includes information with respect to the estimated reserves and related future net revenue attributable to the business, the material assumptions used in preparing the estimates and the identity and relationship to the issuer or to the seller of the person who prepared the estimates;

(E) the offering memorandum includes actual production volumes of the property for the most recently completed year;

(F) the offering memorandum includes estimated production volumes of the property for the first year reflected in the estimate disclosed under clause (D).

4. Financial statements for a business that is an interest in an oil and gas property, or for the acquisition or proposed acquisition by an issuer of an oil and gas property, are not required to be audited if, during the 12 months preceding the acquisition date or the proposed acquisition date, the average daily production of the property is less than 20% of the average daily production of the seller for the same or similar periods and

(a) despite reasonable efforts during the purchase negotiations, the issuer was prohibited from including in the purchase agreement the rights to obtain an audited operating statement of the property,

(b) the purchase agreement includes representations and warranties by the seller that the amounts presented in the operating statement agree to the seller's books and records, and

(c) the offering memorandum discloses

(i) that the issuer was unable to obtain an audited operating statement,

(ii) the reasons for that inability,

(iii) the fact that the purchase agreement includes the representations and warranties referred to in paragraph (b), and

(iv) that the results presented in the operating statements may have been materially different if the statements had been audited.

Instructions for Completing Form 45-106F3

Offering Memorandum for Qualifying Issuers

A. General Instructions

1. Only a “qualifying issuer” may use this form.
2. An issuer using this form to draft an offering memorandum must incorporate by reference certain parts of its existing continuous disclosure base. An issuer that does not want to do this must use Form 45-106F2 Offering Memorandum for Non-Qualifying Issuers.
3. Draft the offering memorandum so that it is easy to read and understand. Be concise and use clear, plain language. Avoid technical terms. If technical terms are necessary, provide definitions.
4. Address the items required by the form in the order set out in the form. However, it is not necessary to provide disclosure about an item that does not apply.
5. The issuer may include additional information in the offering memorandum other than that specifically required by the form. The offering memorandum is generally not required to contain the level of detail and extent of disclosure required by a prospectus. However, an offering memorandum must provide a prospective purchaser with sufficient information to make an informed investment decision.
6. The issuer may wrap the offering memorandum around a prospectus or similar document. However, all matters required to be disclosed by the offering memorandum must be addressed and the offering memorandum must provide a cross-reference to the page number or heading in the wrapped document where the relevant information is contained. The certificate to the offering memorandum must be modified to indicate that the offering memorandum, including the document around which it is wrapped, does not contain a misrepresentation.
7. It is an offence to make a misrepresentation in the offering memorandum. This applies both to information that is required by the form and to additional information that is provided. Include particulars of any material facts, which have not been disclosed under any of the Item numbers and for which failure to disclose would constitute a misrepresentation in the offering memorandum. Refer also to section 3.8(3) of Policy Statement to Regulation 45-106 respecting Prospectus Exemptions (Decision 2009-PDG-0119, 2009-09-04) for additional information.
8. Refer to Regulation 43-101 respecting Standards of Disclosure for Mineral Projects (chapter V-1.1, r. 15) (Regulation 43-101) when disclosing scientific or technical information for a mineral project of the issuer.
9. If an oil and gas issuer is disclosing information about its oil and gas activities, it must ensure that the information is disclosed in accordance with Part 4 and Part 5 of

Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities (chapter V-1.1, r. 23) (Regulation 51-101). Under section 5.3 of Regulation 51-101 disclosure of reserves or resources must be consistent with the reserves and resources terminology and categories set out in the Canadian Oil and Gas Evaluation Handbook. For the purposes of this instruction, references to reporting issuer in Part 4 and Part 5 of Regulation 51-101 will be deemed to include all issuers.

10. Securities legislation restricts what can be told to investors about the issuer's intent to list or quote securities on an exchange or market. Refer to applicable securities legislation before making any such statements.

11. If an issuer uses this form in connection with a distribution under an exemption other than section 2.9 (offering memorandum) of Regulation 45-106 respecting Prospectus Exemptions (chapter V-1.1, r. 21), the issuer must modify the disclosure in item 12 to correctly describe the purchaser's rights. If a purchaser does not have statutory or contractual rights of action in the event of a misrepresentation in the offering memorandum, that fact must be stated in bold on the face page.

12. During the course of a distribution of securities, any material forward-looking information disseminated must only be that which is set out in the offering memorandum. If an extract of FOFI, as defined in Regulation 51-102 respecting Continuous Disclosure Obligations (chapter V-1.1, r. 24) (Regulation 51-102), is disseminated, the extract or summary must be reasonably balanced and have a cautionary note in boldface stating that the information presented is not complete and that complete FOFI is included in the offering memorandum.

B. Financial Statements

1. All financial statements incorporated by reference into the offering memorandum must comply with Regulation 51-102 and Regulation 52-107 respecting Acceptable Accounting Principles and Auditing Standards (chapter V-1.1, r. 25).

2. Forward-looking information included in an offering memorandum must comply with section 4A.2 of Regulation 51-102 and must include the disclosure described in section 4A.3 of Regulation 51-102. In addition to the foregoing, FOFI or a financial outlook, each as defined in Regulation 51-102, included in an offering memorandum must comply with Part 4B of Regulation 51-102. Additional guidance may be found in the Policy Statement to Regulation 51-102 respecting Continuous Disclosure Obligations (Decision 2006-PDG-0223, 2006-12-12).

C. Required Updates to the Offering Memorandum

1. If the offering memorandum does not incorporate by reference the issuer's AIF, and audited financial statements for its most recently completed financial year, update the offering memorandum for any financial statements that are required to be filed prior to the distribution to incorporate by reference the documents as soon as the documents are filed on SEDAR+.

2. Except for documents referred to in C.1, the offering memorandum does not have to be updated to incorporate by reference interim financial reports or other documents referred to in D.1 unless it is necessary to do so to prevent the offering memorandum from containing a misrepresentation.

(h) any information circular filed by the issuer since the beginning of the financial year in respect of which the issuer's most recent AIF is filed, other than an information circular prepared in connection with an annual general meeting if the issuer has filed and incorporated by reference an information circular for a subsequent annual general meeting,

(i) if the issuer has oil and gas activities, as defined in Regulation 51-101 respecting Standards of Disclosure for Oil and Gas Activities, the most recent Form 51-101F1, Form 51-101F2 and Form 51-101F3, filed by an SEC issuer, unless

(k) any other disclosure document of the type listed above that the issuer has filed pursuant to an exemption from any requirement under securities legislation since the beginning of the financial year in respect of which the issuer's most recent AIF is filed.

2. **Mineral Property** – If a material part of the funds available as a result of the distribution is to be expended on a particular mineral property and if the issuer's most recent AIF does not contain the disclosure required under section 5.4 of Form 51-102F2 for the property or that disclosure is inadequate or incorrect due to changes, disclose the information required under section 5.4 of Form 51-102F2.

An issuer may incorporate any additional document provided that the document is available for viewing on the SEDAR+ website and that, on request by a purchaser, the issuer provides a copy of the document to the purchaser, without charge.

You are buying Exempt Market Securities

They are called *exempt market securities* because 2 parts of securities law do not apply to them. If an issuer wants to sell *exempt market securities* to you:

- the issuer does not have to give you a prospectus (a document that describes the investment in detail and gives you some legal protections), and
- the securities do not have to be sold by an investment dealer registered with a securities regulatory authority or regulator.

There are restrictions on your ability to resell *exempt market securities*. Exempt market securities are more risky than other securities.

You may not receive any written information about the issuer or its business

If you have any questions about the issuer or its business, ask for written clarification before you purchase the securities. You should consult your own professional advisers before investing in the securities.

You will not receive advice [Instruction: Delete if sold by registrant]

Unless you consult your own professional advisers, you will not get professional advice about whether the investment is suitable for you.

The issuer of your securities is a non-reporting issuer [Instruction: Delete if issuer is reporting]

A *non-reporting issuer* does not have to publish financial information or notify the public of changes in its business. You may not receive ongoing information about this issuer. You can only sell the securities of a non-reporting issuer in very limited circumstances. You may never be able to sell these securities.

The securities you are buying are not listed [Instruction: Delete if securities are listed or quoted]

The securities you are buying are not listed on any stock exchange, and they may never be listed. There may be no market for these securities. You may never be able to sell these securities.

For more information on the exempt market, refer to the Saskatchewan Financial Services Commission's website at <http://www.sfsc.gov.sk.ca>.

Guidance

Refer to paragraph 2.1(3)(g) of Regulation 45-106 respecting Prospectus Exemptions which provides that the subscription price must be lower than the market price if there is a published market for the securities. 14. Expiry of offer

State the following in bold:

“When does the offer expire?”.

Provide the date and time that the offer expires.

Guidance

Refer to paragraph 2.1(6)(b) of Regulation 45-106 respecting Prospectus Exemptions which provides that the prospectus exemption is not available where the exercise period for the rights is less than 21 days or more than 90 days after the day the rights offering notice is sent to security holders.

PART 3 USE OF AVAILABLE FUNDS

18. Available funds

Using the following table, disclose the available funds after the rights offering. If you plan to combine additional sources of funding with the offering proceeds to achieve your principal capital-raising purpose, provide details about each additional source of funding.

If there is no minimum offering or stand-by commitment, or if the minimum offering or stand-by commitment represents less than 75% of the rights offering, include threshold disclosure if only 15%, 50% or 75% of the entire offering is taken up.

Disclose the amount of working capital deficiency, if any, of the issuer as of the most recent month end. If the available funds will not eliminate the working capital deficiency, state how you intend to eliminate or manage the deficiency. If there has been a significant change in the working capital since the most recently audited annual financial statements, explain those changes.

Guidance

We would consider a significant change to include a change in the working capital that results in material uncertainty regarding the issuer’s going concern assumption, or a change in the working capital balance from positive to deficiency or vice versa.

		Assuming minimum offering or stand-by commitment only	Assuming 15% of offering	Assuming 50% of offering	Assuming 75% of offering	Assuming 100% of offering
A	Amount to be raised by this offering	\$	\$	\$	\$	\$
B	Selling commissions and fees	\$	\$	\$	\$	\$
C	Estimated offering costs (e.g., legal, accounting, audit)	\$	\$	\$	\$	\$
D	Available funds: $D = A - (B+C)$	\$	\$	\$	\$	\$

19. Use of available funds

State the following in bold:

“How will we use the available funds?”.

Using the following table, provide a detailed breakdown of how you will use the available funds. Describe in reasonable detail each of the principal purposes, with approximate amounts.

Description of intended use of available funds listed in order of priority.	Assuming minimum offering or stand-by commitment only	Assuming 15% of offering	Assuming 50% of offering	Assuming 75% of offering	Assuming 100% of offering
	\$	\$	\$	\$	\$
	\$	\$	\$	\$	\$
Total: Equal to G in the available funds in item 18	\$	\$	\$	\$	\$

If there is no minimum offering or stand-by commitment, or if the minimum offering or stand-by commitment represents less than 75% of the rights offering, include threshold disclosure if only 15%, 50% or 75% of the entire offering is taken up.

Instructions:

1. *If the issuer has significant short-term liquidity requirements, discuss, for each threshold amount (i.e., 15%, 50% and 75%), the impact, if any, of raising that amount on its liquidity, operations, capital resources and solvency. Short-term liquidity requirements include non-discretionary expenditures for general corporate purposes and overhead expenses, significant short-term capital or contractual commitments, and expenditures required to achieve stated business objectives.*

When discussing the impact of raising each threshold amount on your liquidity, operations, capital resources and solvency, include all of the following in the discussion:

- which expenditures will take priority at each threshold, and what effect this allocation would have on your operations and business objectives and milestones;*
- the risks of defaulting on payments as they become due, and what effect the defaults would have on your operations;*
- an analysis of your ability to generate sufficient amounts of cash and cash equivalents from other sources, the circumstances that could affect those sources and management's assumptions in conducting this analysis.*

State the minimum amount required to meet the short-term liquidity requirements. In the event that the available funds could be less than the amount required to meet the short-term liquidity requirements, describe how management plans to discharge its liabilities as they become due. Include the assumptions management used in its plans.

If the available funds could be insufficient to cover the issuer's short-term liquidity requirements and overhead expenses for the next 12 months, include management's assessment of the issuer's ability to continue as a going concern. If there are material uncertainties that cast significant doubt upon the issuer's ability to continue as a going concern, state this fact in bold.

2. *If you will use more than 10% of available funds to reduce or retire indebtedness and the indebtedness was incurred within the two preceding years, describe the principal purposes for which the indebtedness was used. If the creditor is an insider, associate or affiliate of the issuer, identify the creditor and the nature of the relationship to the issuer and disclose the outstanding amount owed.*

3. *If you will use more than 10% of available funds to acquire assets, describe the assets. If known, disclose the particulars of the purchase price being paid for or being allocated to the assets or categories of assets, including intangible assets. If the vendor of the asset is an insider, associate or affiliate of the issuer, identify the vendor and nature of the relationship to the issuer, and disclose the method used to determine the purchase price.*

4. *If any of the available funds will be paid to an insider, associate or affiliate of the issuer, disclose in a note to the use of available funds table in item 19 the name of the insider, associate or affiliate, the relationship to the issuer, and the amount to be paid.*

5. *If you will use more than 10% of available funds for research and development of products or services,*

a. describe the timing and stage of research and development that management anticipates will be reached using the funds,

b. describe the major components of the proposed programs you will use the available funds for, including an estimate of anticipated costs,

c. state if you are conducting your own research and development, are subcontracting out the research and development or are using a combination of those methods, and

d. describe the additional steps required to reach commercial production and an estimate of costs and timing.

6. *If you may reallocate available funds, include the following statement:*

“We intend to spend the available funds as stated. We will reallocate funds only for sound business reasons.”.

20. How long will the available funds last?

State the following in bold:

“How long will the available funds last?”.

Explain how long management anticipates the available funds will last. If you do not have adequate funds to cover anticipated expenses for the next 12 months, state the sources of financing that the issuer has arranged but not yet used. Also, provide an analysis of the issuer’s ability to generate sufficient amounts of cash and cash equivalents in the short term and the long term to maintain capacity, and to meet planned growth or to fund development activities. You should describe sources of funding and circumstances that could affect those sources that are reasonably likely to occur. If this results in material uncertainties that cast significant doubt upon the issuer’s ability to continue as a going concern, disclose this fact.

If you expect the available funds to last for more than 12 months, state this expectation.

PART 4 INSIDER PARTICIPATION

21. Intention of insiders

State the following in bold:

Instructions:

26. Security holdings of the stand-by guarantor
