

AMENDMENTS TO POLICY STATEMENT TO REGULATION 51-102 RESPECTING CONTINUOUS DISCLOSURE OBLIGATIONS

1. Section 5.4 of *Policy Statement to Regulation 51 102 respecting Continuous Disclosure Obligations* is replaced with the following:

“5.4. Additional Disclosure for Equity Investees

Section 5.7 of the Regulation requires issuers with significant equity investees to provide in their annual or, if the issuer is an issuer that is not providing disclosure in accordance with section 2.2.1 of Form 51-102F1, their interim MD&A (unless the information is included in their annual financial statements or interim financial report), summarized information about the equity investee. Generally, we will consider that an equity investee is significant if, using the financial statements of the equity investee and the issuer as at the issuer’s financial year-end, either of the following apply:

(a) for a reporting issuer that is not a venture issuer, the equity investee would meet the thresholds for the significance tests in Part 8;

(b) for a venture issuer, the equity investee would meet the thresholds for the significance tests in Part 8 if “100%” is read as “40%”.

2. The Policy Statement is amended by inserting, after section 5.5, the following:

“5.6. Venture Issuers – Quarterly Highlights

(1) A venture issuer that provides quarterly highlights is not required to update its annual MD&A in the quarterly highlights. However, to meet the requirements of section 2.2.1 of Form 51-102F1, the venture issuer should disclose in its quarterly highlights any change, if material, from plans disclosed in the annual MD&A. For example, if a mining issuer discloses a drill program in its annual MD&A and decides to make a change to that drill program in a subsequent interim period, that change, if material, should be disclosed in the quarterly highlights for that period.

(2) Although all venture issuers have the option of providing quarterly highlights, there are some instances where a venture issuer may want to consider providing full interim MD&A instead of quarterly highlights. We believe the option to use quarterly highlights will likely satisfy the needs of investors in smaller venture issuers. However, investors in larger venture issuers, including those with significant revenue, may want full interim MD&A to assist them in making informed investment decisions. Issuers will likely take the needs of their investors into consideration when determining whether to provide quarterly highlights or full interim MD&A.

(3) For greater certainty, a reference to interim MD&A is a reference to the quarterly highlights a venture issuer has the option of providing in accordance with section 2.2.1 of Form 51-102F1. As such, any requirements in *Regulation 52-109 respecting Certification of Disclosure in Issuer’s Annual and Interim Filings* that apply to interim MD&A will apply to the quarterly highlights.”
